Dear,

Join us November 19th, 2024, as futurist, technology and business expert, Rebecca Murtagh shares how AI threatens human agency, sovereignty, commerce, and community; and five ways to leverage AI in innovation and growth, responsibly and ethically.

As CEO and founder of [Ascently Institute](https://www.ascently.org), a 501c3 non-profit organization dedicated to promoting a Human First culture that respects and protects human creativity, autonomy, and sovereignty, Rebecca leads the mission to inform and inspire organizations and individuals on how AI can be leveraged for maximum human benefit in alignment with human values, adding, "We love technology and innovation. We love humans more!"

Christopher Wright

Founder of the AI Trust Council

Chris is leading a crucial mission against
corruption in big tech, government, and the
risks posed by AI. With over 25 years of
experience in entrepreneurship and the
military, his unique background as a US
Army Attack Helicopter pilot, Civilian
Commercial Pilot, and CEO of several
successful startups makes him adept at
navigating complex challenges.

As head of the AITC, he is dedicated to
optimizing digital trust online and mitigating
the potentially negative impact of AI. With
his vision, Chris aims to revolutionize the
way digital trust is built and maintained in
the modern world.
