PRAGUE – Jin Hwa Yoshida

BRATISLAVA – Ji Yea Park

On Wednesday, September 13, 2006 **Ji Yea Park** arrived in **BRATISLAVA**, the Slovak capital to deliver the peace message of True Parents. We had rented a beautiful hall in the Baroque Zichy Palace which is located in the heart of the old town. Among the new guests was a bishop of the Hussite Church.

To present another aspect of True Parents' work we invited IRFF Slovakia to give a report about their "Service for Peace" project in Zambia. In the reception hall there was an exhibition with pictures of African children, and a table with information material about IRFF activities at home and abroad. Petra Calovkova, who was at the end of the event awarded the Ambassador of Peace certificate, explained IRFF's project for orphans and poor children in

a northern district of Zambia. Right afterwards, donations were collected and the Sunday School choir sang songs for the African children. When Mrs Ji Yea Park came to the podium, people were delighted because of her graceful appearance. Slovak women are beauty and fashion oriented, so it was a straight road for Ji Yea Nim. Her reading was very fluent and pleasant to the ear, her smile softened the hearts of our guests, though the content was demanding to understand. Finally, our sister Virginia sang *Amazing Grace* together with a small choir of 4 young sisters. This brought a very good conclusion to the evening and we were able to express our gratitude by inviting JiYea Nim to a nearby Chinese restaurant to celebrate together.

DUNAJSKA LUZNA – Hirotaka Otsuka

DUNAJSKA LUZNA, 15 kilometers from Bratislava, is the location for the seminar centre of UPF in Slovakia. On the 13th September it also became the venue for one of twelve World Peace Tour events spread across East Europe. The program started with music including traditional Slovak wedding songs. Dr. Rakovsky, who leads a project to rehabilitate drug addicts, gave the congratulatory address and also received a Peace Ambassador Award.

Mr. In Sup Pak was our True Family representative. His presence provided that substantial connection to our Founders, Father and Mother Moon – it was not only words, but also a living example of a three generational family living for the sake of the world. As you can see in the pictures we went out to a restaurant to celebrate in the evening – it was such a joyful and relaxed time together.

BUDAPEST – Shin IL Moon

WARSAW – Shin Sook Moon

NITRA – Shin Bok Moon

The fact that we could welcome a member of True Family in our city of **NITRA** amazed us all and made us understand how much True Parents want to reach to every corner of the world and embrace each child of God. **Mr Shin Bok Moon** arrived in Nitra with just enough time to eat typical Slovak food and see the sights. The event took place in the historical former Town Hall now used as a museum of Nitra's rich history. Shin Bok Nim could

know something of our history and then also our culture through the performance of a Folk Group. We in turn could learn of the true love culture, the foundation for lasting peace, through Father Moon's peace message read very eloquently by his grandson Mr Shin Bok Moon. After the program we could share a more intimate time over dinner and talk about our families and experiences with Mr Moon

KRAKOW – Hyung Jin Lee

WARSAW / GDANSK – Hirotaka Otsuka

BUDAPEST 2 – Shiori Kunitoki

GYÖR – Yeon Sun Yu

PRAGUE 2 – Jin Hwa Yoshida

PLZEN – Young Jun Kim

PLZEN a city of 270 thousand in western Bohemia had the honor, for the first time in its history, to welcome a member of the True Family. The beautiful, historical hall, wonderfully arranged flowers on the stage and the performance of the choir singing Czech folk songs were to create a warm and familiar atmosphere so that our guests could open their hearts. True Parents' message was given by **Mr Young Jun Kim**. He appeared on the stage bright, smiling and charming. In his introduction he emphasized the struggle of the Czech people for democracy. He

won their hearts even more when he thanked them in Czech language before he left the stage. His speech was dynamic and full of hope. Through the event several local VIPs could get to know about UPF and True Patents' projects for peace. Dr. Aromát Horak from West Czech university gave the introductory words. The mayor of Horazdovice, the town where the choir comes from, received his Peace Ambassador award. One grandmother testified with tears as to how moved she was by this three generational World Peace Tour. A wonderful day for the city of Plzen!
