Spiritual Resonance

Each year, one of the 12 zodiac animals is paired with an element from the Chinese **Five Elements theory** (**wood, fire, earth, metal and water**).

For 2025, the associated element is wood, which is traditionally linked to the color blue.

This connection is why 2025 is referred to as the Year of the Blue Snake.

Cheon Shim Won – Resonance Prayer

If you reach the center of the realm of resonance,
the whole world is in your hands;
God is inside you, an you are one with heavenly law.

If you enter the realm of resonance of true love,
you don't need a religious faith.

You don't need a Messiah. This is liberation.

Your original mind precedes your parents and teachers.
That is because your mind is with you for eternity,
while your parents, teachers and lords are not.
That is why the mind has such great value.

Because this mind is directly connected to God,
when you go into a state of resonance with it,
your body attains the same frequency and you
get the right answer.

For instance, if you ask your original mind,
"Should I meet such and such a person tomorrow?"
you will feel either joy or uneasiness in your mind.
Your mind knows whether it is good or bad to meet
that person. If it is not good, your mind will prompt
you to withdraw.

Blessed families are to accomplish the standard that Adam and Eve failed to attain. They should connect with God's love at their center.

By this standard of living in resonance with God's heart have you accorded each other absolute devotion?

You should have absolute devotion to and absolute love for one another.

You should become one rooted in such love and become a center of harmony.

The way for a husband and wife to unite is by valuing God's central purpose and fulfilling the purpose for which this universe came into existence.

The husband and wife communicate with each other based on heart, love and personal character, walking the same path.

For them, "Your love is my love, and my love is your love."

"A Realm of Resonance is Created"

- Date: November 25, 2011

In the context of Divine Principle, resonance refers to a spiritual concept that describes the deep, harmonious connection or alignment that exists between individuals, their inner spiritual states, and the greater cosmos.

It highlights how individuals can resonate with God's love and divine purpose, fostering unity and alignment with higher spiritual truths.

"The State of Resonance"

- Date: January 30, 1983

The idea of resonance in Divine Principle can be connected to the principles of reciprocal heart, unity, and the interaction between the spiritual and physical worlds.

When individuals resonate with God's love, they create a harmonious environment that attracts blessings and fosters deeper relationships with others, leading to a collective effort toward God's ideal.

As expressed in Divine Principle, resonance emphasizes the importance of having a pure heart and **living for the sake of others.**

When individuals embody true love and resonate positively with others, it creates an atmosphere of mutual support, understanding, and divine harmony.

Cheon Shim Won is described as an internal organization within the Unificationist community, tasked with creating an environment for Cheon Shim spiritual leaders to establish themselves.

It plays a crucial role in advancing the community's mission by focusing on spiritual resurrection and real experiences, under the guidance and oversight of the only begotten daughter, True Mother.

This organization is integral to achieving dominion over the spirit world, which is considered essential for the community's progress and is not something that can be accomplished by the Mission Headquarters alone.

Cheon Shim Won, along with its branches around the world, aims to combine the spirit and the truth to support the community's goals, emphasizing the importance of unity, spiritual growth, and the support of Korea through True Parents.

Hyo Jin Nim's word

We must have an absolute standard and a 100-percent connection with God and True Parents. Without that, it doesn't work. We must understand Father. In the Unification Church, it's obvious we must totally unite with Father **because we are Father's body**. We're not separate. **We might be different organs in his body, but we are within his body. When a cell denies the whole, that's a cancer cell.** You have to connect 100 percent to the absolute standard.
