

WFWP USA: How You're Changing Lives at Handow Secondary School in Kenya

Katarina Connery
August 8, 2025

Dear,

This past year has been a year of remarkable progress at **Handow Secondary School** in Kenya. Thanks to generous donors like you, **four new classrooms**—with ceilings and terrazzo floors—were completed and are already in use, providing over 620 students with a clean, focused space to learn. But there is still work to be done.

The **dining hall is in desperate need of renovation**. It's a vital part of the school's daily rhythm—a place where students gather for nourishment, community, and care. With your help, we hope to raise **\$3000** to restore this space and ensure that every student has a safe and dignified place to eat and connect.

Here's what your support really means:

"Because of you, I now walk into class each day with hope in my heart and confidence in my future."

— **Marion Arita**, Student, Handow Secondary School

"The school is more than a place of learning. It is a home of growth—academically, emotionally, and spiritually."

— **Mulaa Richard**, Teacher

"Your support has not only opened the door to education for my child, it has given our whole family hope."

— **Rose Nafula**, Parent

*Yes, I'd like to invest in future leaders through
the Schools of Africa Project!*

Donate Today

At Handow, students aren't just learning Chemistry, Computer Studies, or Kiswahili. They're becoming **leaders, scouts, rugby players, and tree-planters**—nurtured by a community of teachers, parents, and supporters like you who believe in their potential.

With just **\$300**, we can restore the dining hall and continue building an environment where students thrive—inside and outside the classroom.

Let's keep the momentum going. Will you help us today?

SCHOOLS SERVED: 6 SCHOOLS IN 5 COUNTRIES

TOTAL RAISED: \$687,000+

DID YOU KNOW...UNESCO reports 59 million primary age children are out of school, with 54% in Africa.

Schools of Africa Project: In the early 90s, WFWP Japan launched international cooperation activities by Japanese overseas volunteers to serve all over the world. With willing hearts, these women went to nations with the greatest need and to neighborhoods in every corner of the world. They started schools, supported opportunities of education for those in need, and created opportunities for women and girls to build a promising future.

Inspired by their dedication, WFWP USA initiated the "Schools of Africa" project in 2001 to financially support 9 schools in 8 African countries founded by those faithful volunteers.

YOUR DONATIONS MAKE A DIFFERENCE:

Since 2001, WFWP USA has sent over \$687,000 to these schools, which have empowered 24,000+ African graduates through education since 1994, and continues to enroll nearly 2,000 per year thanks to your support!

"When we give and forget, true love flourishes." - Mother Moon, Founder of WFWP

HANDMADE AFRICAN PRINT BAGS

During the month of August, we're excited to bring to you a collection of **handmade totes and pouches, crafted by the talented artisans at New Hope Technical Institute in Rwanda.**

Each vibrant piece supports the Schools of Africa Project. Check them out whether you're looking for a meaningful gift or a unique item for yourself!

YOU CAN MAKE AN IMPACT!

STUDENT AT ONE HOPE LITERACY CLASS

"When I entered this school, I did not know anything. But since I started studying here in school I can write my name and I know numbers very well. It has made a big difference in my life."

PARENT AT HANDOW SECONDARY SCHOOL

"What I appreciate is the individual attention my child gets thanks to the commitment teachers are putting at our beloved school. My child is learning the love of learning."

GRADUATE OF SUN OF MOZAMBIQUE

"I came from a family where nobody had gone to University before but the story of my family changed when I started going to Sun of Mozambique Secondary School."

STUDENT AT PEACE HANA SCHOOL

"I love this school because the sport scholarship helps me to realize my football dream. I have played and won trophies for the school and I strongly believe that through this career I will take care of my family in the future."

ELEMENTARY SCHOOLS

LIBERIA

Peace Hana School since 1998

Initially, Peace Hana was established to equip economically disadvantaged children from 3-6 years old with reading and writing skills and extracurricular courses. Later in 2002, the school was expanded to become an elementary school. There are currently 98 students enrolled. [FIND OUT MORE](#)

GUINEA BISSAU

Sunac Elementary School since 2003

Despite political and social instability in Guinea Bissau, Sunac offers classes regularly throughout the year, making the school zone a safe place for children to grow. Also, the school has a high female enrollment rate. Sunac has been able to reach 587 graduates since 2003. [FIND OUT MORE](#)

SECONDARY SCHOOLS

MOZAMBIQUE

Sun of Mozambique Secondary School since 1995

After a civil war in 1992, the country lacked resources and infrastructure for quality education. Sun of Mozambique offers quality education at a low fee. In addition to this, the school also provides scholarship programs to deserving students, and a library and computer lab facilities. The school has earned a worthy reputation, impacting the lives of 12,444 graduates, many of whom have gone to attend university. [FIND OUT MORE](#)

KENYA

Handow Secondary School since 1998

Handow is located in a poor neighborhood village far away from the capital with limited electricity and running water. Since its establishment, the school has successfully educated 2,130 graduates. With continuous support from WFP, the school became accredited as a public school and later implemented a tuition-free policy in 2008. Donations have been utilized in the construction of the school's infrastructure and providing school supplies to the students. [FIND OUT MORE](#)

ADULT EDUCATION

RWANDA

New Hope Technical Institute since 1998 and New Hope Professional Training Center since 2023

The institute was founded to help women and ex-soldiers after the Rwandan genocide become financially independent by equipping them with skills in culinary arts, dressmaking, and hairdressing. This has not only brought a sense of independence amongst the 2,501 graduates, but also a sense that they are loved and valued. In 2023, construction was completed on the New Hope Professional Training Center for graduates of the New Hope Technical Institute. [FIND OUT MORE](#)
