

WFWP Paraguay donates blankets and sheets to Lambare City's Public Hospital

Roswitha Giuliano
July 11, 2019

On July 11, 2019, WFWP Paraguay delivered the first donation of 107 blankets, bed sheets and pillowcases to the public hospital of the city of Lambaré, Paraguay. This hospital received many people from the flooded areas.

Usually Public Hospitals in Paraguay have no blankets and sheets. The patients have to bring their own, but these people have nothing left. Therefore, it was very urgent to make this donation. Special thanks to the WFWP Japan who made this donation possible. Many Blessings.
