In this Zoom workshop, we will be looking at the stories of Exodus, Sinai and the Wilderness to learn about the way that God was been working and the kind of community God sought to establish. We will also examine in detail the life of Moses and how to dealt with the many challenges he faced and what we can learn from them.

Moses was probably the most successful leader in history. He led the people of Israel out of slavery and over a period of 40 years in the wilderness they created a sustainable spiritual community that has flourished for 3500 years despite innumerable challenges. During this time in the wilderness the foundations for a God-centred community were formed which have proved to be enduring and flexible.

Taught by William Haines
