Mykhailo Ilin - April 20, 2019

On April 20, the 59th anniversary of True Parents' Holy Wedding, blessed families of Ukraine watched a live broadcast of the celebration in Korea and sent messages of congratulation to our dearest True Parents.

This was followed by a special meeting in which blessed families studied and discussed True Parents' words about the family. The discussion points included the education of children and how we can practice the formula course in our daily family life.
