Bucharest, Romania, 3. – 4. May 2014

Bong Moon Jeong

Greetings from Romania!

We would like to report about our Two Days Divine Principle Workshop. We are grateful to be in the position of represent our Heavenly Parents here on Earth with this holy work, JeonDo (Witnessing) activity. Unfortunately we had only one new guest. We felt so sorry about our result to Heavenly Parents. We must have the Heavenly Father's desperate ShimJung to find and save people. We felt also challenge to love one person as representative of man with pure heart. The guest liked so much DP lecture and have desire to study more. We only have heart of gratitude to see even one beautiful and precious person with God's blessing.

The parental Heart is such a deep experience. We could find more desire to witness people with our sincere offering JeongSung (Sincere Devotion). .

We are very grateful to stand on the front line of this holy work, Jeondo(Witnessing) activity.
