

One Day Divine Principle Workshop

How to restore Human Values

Bucharest, Romania, 23. January 2016

Greetings from Romania!
I would like to start this report by offering our gratitude to our Heavenly Parents and True Parents. This week was 2nd week of 1th 40days JeongSung Condition period for JeonDo in 2016.

We concluded this week with 1Day Divine Principle Workshop with united spirit for Jeondo. Because we have UPA students, STF members and Romania SES and CARP members working together for JeonDo. We all were so happy to receive new people who has desire to know more about Divine Principle. We had guests from high school, university and labour field.

We organized lectures with 'Principle of Creation', 'Human Fall' and 'Principle

of Restoration'. Each lecturer gave clear message with passion. So all the participants were very focused in order to understand better the content. In the break time they were asking questions in order to understand clearly and put in practice in their life. So they showed us their desire to study more deeply.

We could feel the power of Divine Principle to open people's heart. We was joyful spirit during the workshop. The guests felt free to share and like home. After the lectures we had lunch together. The lunch was prepared by 2 Active CARP members. It was a time to listen to the guests and become friends.

After the workshop, we organized one project name of 'True Love is Action'. One of new Blessed brother organize very interesting activity for new participants. We made three mixed teams and we went to out to meet different kind of people to practice True Love and give joy to everybody for who we meet in old town Bucharest.

One team led by UPA student decided to give Hugs for the people. They brake cultural walls, people were happy to receive hugs. Another team led by SES member decided to sing songs for people. They sung outside with joyful

heart. Another team led by another SES member gave hugs for people and asked for life advices. They really enjoyed and received one advice. All the participants were so happy even weather was cold, around -7 degrees. Through this experience we could see how Principle is working and if you have True Love you never feel cold.

We believe that we could do our best in order to bring the right message and the love of Heavenly Parent and True Parents. The guests received inspiration and they expressed the desire to continue studying Divine Principle. We feel great blessing to work together with brothers and sisters from all over the world centered on Heavenly Parents and True Parents.

We are sure that this workshop was new life experience for all of us with new vision and hope. We will continue to support our new brothers and sisters to discover Heavenly Parents heart through Divine Principle study and activities.

Thank you so much Heavenly Parents and True Parents.
