“God’s Word Change if the providence Changed, God’s Word grows if our hearts grow. God is a personality of always growing, therefore if we found out that our hearts never grow that means God is not with in us.”

Brothers and Sisters, “Greetings in the name of Heavenly Parents,” This article has been made purposely for those who have higher understanding on the Principle of Restoration and Principle of Creation. Whatever position you have in the church, wether you are a leader, Elder or family member, **I am heartily asking your openness and that your judgment on this article should not be based from your humanistic heart but should be based on the Principle.** Heart may somehow make mistakes, but a conclusive judgment on the basis of the Principle is absolutely beneficial in the providence at the present time.

Basically, being an ignorant of the providence, it would be impossible for us to be one with the True Parents. However, if we want to understand his heart, we have to embrace wilfully his words and embody it base in the Principle. In order for us to succeed, we need to evaluate our position and the level of our understanding in the providence. To define our individual role in God’s providence as a whole, it is very important for us to understand fully the significance of the Providential Nation

What is Providential Nation

To understand the significance of the Providential Nation, we need to look back to the time in the Garden of Eden where Adam and Eve was ordained by God to build up the foundation of a harmonious home centered on the ideal family. If they have faithfully abide the commandments, they could have been established the foundation of a God’s centered society that will become the model in developing a loving Nation which only follows the Principle of Creation without any painful history of restoration.

But what had happened was not in accordance to God’s plan; they disobey the commandments by choosing their own fate through establishing the false family. Their blood lineage expands to the world that is far from God’s ideal and the foundation of the ideal nation that is supposed to be the pattern of all nations was totally destroyed.

In order to recover all things base on the original plan, God immediately introduce the Principle of Restoration and base on this principle, no one can get out from the bondage of being a sinner to become sinless without passing through the authority of the said Principle. No one is exempted even the Prophets, Saints and Sages, Chosen people, including Jesus Christ and the True Parents. All must pass through it.

God has been able to set up the Principle of Restoration to restore all things centered on the second Adam and Eve, but if the providence will not be realized as what had happened during the time of Jesus Christ, then the Principle of Restoration will then recreate the third Adam and Eve for the fulfillment of the original plan which is to establish the true lineage of God that is supposed to be done by the First and the Second Adam.

Before the birth of the Third Adam, his name has already been written to the Nation which will be his peaceful homeland. And whatever success and positions he may accomplish aligned in the

providence and reaches the True Father's position, his homeland nation will become a Father Nation.

In short, the birth of the True Father is also the birth of the Father Nation. And if the foundation of the Father Nation develops, it is his responsibility to set-up the foundation of the Mother Nation. Once the Motherly Nation is fully established, the Father Nation must live there, help the Mother Nation to stand firmly and never leave her alone in the providence until she can fully realize her responsibilities of being a True Mother Nation, because providentially, the failure of the Mother Nation is also the failure of the Father Nation.

The Unseen coming of the New Providence

Due to the fall, the human being became ignorant on the existence of Mother God. No one had ever realized that if Adam and Eve did not fall away from God's Principle and become spiritually matured they will surely recognize the reality of Mother God. And once they are ready enough to establish an ideal family, the Holy Spirit Mother will come down and give them the Blessing of Perfection. This would definitely mean that there is no perfection to Adam and Eve if they can not understand and substantialize the Word of the Holy Spirit Mother. However, please take note that the providence of the Holy Spirit is never written down in the Principle of Restoration since it has to be done in the future.

For example, the President of the nation who prepares his annual State Of the Nation Address. (**SONA**) Behind the eagerness of the people who are anxiously waiting for the day of the president's speech, no one among them ever knew of what is really his plan in the future, because the time has not yet come to reveal them to the people. The only thing that the countrymen could do is to speculate of what is really the ultimate plan of the president for their country's future.

In comparison, during the age of the Holy Spirit Mother, there might be some who have an idea for the day of her coming but no one could ever tell what exactly she will going to say until the day of her revelation comes. Even the True Father, who was being told directly by Father God to find the Holy Spirit Mother by himself, he doesn't really know because there is no footprints of the Holy Spirit Mother that can be seen in the history as we only have limited evidence from the past. **Therefore, during the day of her exposition of her Word there could be a possibility of rejection and misinterpretations direct from the people who were destined to prepare and welcome the Holy Mother.**

Apparently, the Holy Spirit Mother cannot do anything without revealing her plans and what she wanted to do during the day of her Cosmic Declaration Address (CDA) centered on the Spirit World and the Physical World. Therefore, someone should convey her message and give initial details before the day of her coming.

Since the Holy Spirit Mother focuses on the providence of Perfection, **her Principle would be very strict and her Words are extremely strong.** Therefore, there is a possibility that with in her revelations we may find it difficult to accept in any ways of which our hearts could hardly grasp especially when we compare the Word of the Holy Spirit Mother with our own understanding about the truth without our further investigation.

In fact, we really need to be very careful in our life of faith and let the Word of the Holy Spirit Mother be implanted in our hearts freely because the Word of the Holy Spirit Mother is yet to be revealed, therefore, the outline of her being is very limited. That is why it is normal for all of us to have so many questions and confusions, but if we are prepared to listen, surely the Word of the Holy Spirit Mother will give us a clearer outlook in the final chapter of God's providence.

As a matter of fact, The Word of the Holy Spirit Mother will guide us to understand more on the Truth, Indeed, she is the Truth. She has to comedown not to save the sinners as what most people believed in, because saving the sinners is the mere responsibility of the True Parents while the responsibility of the Holy Spirit Mother is to give the Blessing of Perfection to the Blessed Couples and for the Blessed Children who are ready for it including the True Parents..

Providentially, through the Conditional Blessing that was realized by the True Parents in 1960 centered on the Father's Nation (Korea), the True Lineage of God has been born. But the position possessed by the Father Nation and True Parents remain under the Principle of Restoration. That is the reason why it is necessary to establish the Mother Nation to represent the Blessing of Perfection centered on the Holy Spirit providence.

The Preparation of the Providential Nation

Before the birth of Jesus Christ, the prophets, the chosen people and all the champions of God, had sacrificed themselves to establish the foundation of a nation who will be the pattern of the Providential Nation. If Jesus was given a chance to lead such foundation, surely he will realize the Blessing of Restoration. Through that, he can establish a family that will become a model of the society and definitely into a Providential Nation. In that way, he will be recognized as a True Father and the Nation of Israel who stands as Adam Nation will become a Father Nation. From that Foundation, the Mother Nation of the Providential Nation standing in Eve's position will also be established. *(That Nation must be Rome)*

The New Providential Nation Centered on the Third Adam.

Let us investigate the Providential Nation centered on the third Adam (True Father) and Korea as Father Nation. After the realization of the Conditional Blessing led by the Third Adam and his wife, they became the True Parents and their success builds the Father's Nation. From that foundation, the establishment of a Mother Nation is very important to complete the foundation of the Providential Nation.

In the **Pacific Rim providence**, we can see the desperation of True Father to set up Japan to be a responsible Mother Nation. But then, it is not easy to build an ideal Nation because that Nation must have at least one Blessed Couple who had understood and embodied the Word of the Holy Spirit Mother, this is to prove Japan's authority as a True Mother Nation.

If none of the Blessed Couple can ever realize the way of perfection then it is impossible for Japan to stand as a Mother in the Providential Nation. If that happened, the Father Nation (Korea) will loose his position as well. **In effect, the True Parents could never attain Perfection due to the failure of the Providential Nations for which they both represent.**

I believed that most of the Unification leaders and members misunderstood the true responsibility of Japan being in the position of a Mother of the Providential Nations. They thought that Japan as Mother Nation is responsible to provide the physical needs of all Providential Nations. Without knowing that God put Japan in that position to prepare the coming of the Holy Spirit and to substantialize the Mother's Word. If the leaders and elders of the Unification Church think that Japan is oblige to support the external necessities in the Church around the world, then that way of thinking is wrong because Japan as a Mother Nation is not a literal Mother.

In the family, the major obligation for the financial support mostly comes from the Father and generally the work of the Mother is to raise the children through the way of True Love and gives unending support for their internal needs. But due to the incorrect understanding of the Unification leaders and elders of the church, the Mother Nation becomes disoriented from her true responsibility

in the providence. **Why do the Blessed Families and the Blessed Couples in Japan must have to sacrifice themselves to support the external needs of the church?** Truly the Unification Church leaders and elders did not understand that the true mission of Japan as Mother Nation is to prepare herself internally and realize the Blessing of Perfection through the Word of the Holy Spirit Mother.

What would be the gift of the coming Motherly Providence?

The biggest gift of the New Providence is the Word of the Holy Spirit Mother and through the Word; the original plan will be accomplished through the fulfillment of the True Blessing. But unfortunately, Japan as Mother Nation did not understand her main responsibility in the providence. **As a result, she ended up in failure as a Mother of the providential Nation.**

But the questions are: Did the Father Nation (Korea) understand the real mission of Japan as the Mother Nation? Did he realize that the responsibility of the Mother Nation is to represent the Blessing of Perfection for the True Blessed Couples, including the perfection of the True Parents as well as the perfection of the Second Generation? If the Father Nation is fully aware that the responsibility of the Mother Nation is to realize the Blessing of Perfection, why he did not use his full providential force in order to ensure that the Mother Nation fulfills her biggest responsibility in God's providential history?

What is the responsibility of a Mother Nation?

If we say "**Mother Nation**" that means "**Completion.**" And if she is the "**Completion**" she is the way to Perfection. Therefore, if Japan had ever fulfilled her responsibility as a Mother Nation she would have to govern the two categories of Blessings of Perfection. **Firstly**, the Blessing of Perfection for the Blessed Couples which is the True Blessing and **secondly**, the Blessing of Perfection for the Second Generation centered on the 3 Great Blessings.

Ultimately, the **True Blessing** is the Blessing that separates the authority of the two Principles, the Principle of Restoration and the Principle of Creation. Since the fall of Adam and Eve, humankind has been placed under the Principle of Restoration. Because of this, we can now conclude that those who received the marriage ceremony under the Blessing of Restoration (**Conditional Blessing**) should pass through the True Blessing in order for them to reach perfection.

Indeed, all Blessed Couples including True Parents must get out from being under the dominion of the Principle of Restoration for them to go freely through the way of perfection. Without this Principle of the True Blessing, all Blessed Couples including the True Parents will remain under the dominion of the Principle of Restoration. As the consequence, perfection for them is not possible.

On the other hand, the Blessed Children are the direct lineage of God but their parents do not really know what kind of Marriage Blessing for the innocent Second Generation would be? Unless the Blessed Families can understand the Word of the Holy Spirit Mother, the holiness of all Blessed Children will remain in danger. As we have carefully observe nowadays, the process of marriage that was received by their parents which is under the Principle of Restoration is also the same process of marriage that has been given to the Second Generation.

We, as members of the Blessed Families should not forget that the process of marriage under the Conditional Blessing is intended only for the sinners so that they can liberate themselves back to the sinless position. Using the same type of Marriage Blessing is a death trap to the innocent spirits of the Second Generation. Please think it deeply Brothers and Sisters.

If we have to investigate further base on the Principle, even True Parents can never give the marriage blessing to the Second Generation because it is purely the responsibility of the Holy Spirit Mother.

Instead, the True Parents, the True Blessed Couples and the True Second Generation are the main reasons why the Holy Spirit must come down in order to fulfil the Blue Print of God by establishing the Kingdom of Heaven here on Earth as it is in Heaven through the Blessing of Perfection.

Why do the process of reaching perfection between the Blessed Couples and the Second Generations are different?

As mentioned in the paragraph above, the process of marriage of the Blessed Couples including the True Parents is based on the Principle of Restoration. In order for them to liberate themselves from being tangled in this condition they really need to pass through the True Blessing centered on the Holy Spirit Mother. Through this process, the authority of the Principle of Restoration who controls them will be eliminated while the Second Generation which is direct lineage of God, their marriage Blessing should be based only on the Principle of Creation under the process of the 3 Great Blessings. And take note that only the Holy Spirit Mother has the full authority to bestow the Blessing of Perfection to the said Second Generation.

For this reason, the good intention of the Parents ([Blessed Couples](#)) in giving the Marriage Blessing to the Second Generation while they themselves are still under the dominion of the Principle of Restoration will lead their children into a spiritual failure.

Being born as a direct lineage of God, there is no doubt that the Second Generation is directly under the authority of the Principle of Creation. For this reason, the Blessed Children should not be given any kind of marriage blessing except the Marriage Blessing under the Principle of the 3 Great Blessings.

Likewise, all sinners who have received the marriage ceremony through the Conditional Blessing and became sinless are not entitled to have the Blessing of Perfection under the Principle of the 3 Great Blessing otherwise it will contaminate the whole Principle. But though the Blessed Couples and the Blessed Children have different process in reaching the Blessing of Perfection, yet their position attained at the level of the perfection are just the same.

The perfection of the Father Nation depend solely upon the substantialization of the Word of the Holy Spirit Mother by the Mother Nation

In the Garden of Eden, even if Adam had not fallen, still, he can not attain perfection unless Eve will understand the Word of the Holy Spirit Mother. The reason why Eve was metaphorically name by God as a Tree of the Knowledge of Good and Evil because it was her responsibility to choose what kind of family she wanted to establish. If Eve had chosen Adam to be her husband in accordance with the process of the 3 Great Blessing, Eve will become a Good Tree that will bear good fruits. But if Eve will choose the man that is forbidden by God to be her partner, of course, Eve will become an evil tree who will reproduce the false lineage. ([More comprehensive explanation to this issue is coming soon](#))

The significance of the completion of the Mother Nation for the Father Nation and for the True Parents

Like Adam, the Father Nation Korea could never attained perfection if the Mother Nation fails to realize the Blessing of Perfection. And since Korea holds the position as Adam's Nation his perfection relies on the success of Eve Nation. But after the failure of the Mother Nation, the Father Nation including the True Parents will remain under the dominion of the Principle of Restoration. And definitely, their liberation now depends on the success of the Daughter Nation who Substantialized the True Blessing that supposed to be given to the Mother Nation.

Furthermore, if Japan understands her responsibility as a Mother Nation, the burning desire of the True Parents for Japan to be an ideal Nation should have been realized. But it is very sad to imagine

that the hardship the Japanese Blessed Families to build the foundation for her to receive the Mother's Word have ended in failure.

When will be the coming down of the Holy Spirit Mother God to the chosen Mother Nation?

We need to find out which Nation is in the position of Adam and when this Nation becomes a Father Nation. The next is finding out which Nation is in the position of Eve and when did she become a Mother Nation. Subsequently, the providential period of the Father and Mother Nations as providential foundation must almost be parallel in order for them to qualify in receiving the Blessing of Perfection.

We already knew that Korea is the Father Nation and Japan is the Mother Nation. To evaluate their qualification to the Providential Nation, let us first examine their providential history and the number of years of their foundation.

1959-1999 is the **40th foundation of Japan Unification Church**; it could have been the perfect providential period for her as a Mother Nation to receive her Blessing of Perfection since Japan successfully completed her **40 years National Course** to receive the True Blessing. Obviously, her success depends on how she understands well her mission. If the Japanese Blessed Couples have realized the Holy Spirit Providence at the earliest period during her **40 years National Providential Course** then 1999 would be the best time for the Holy Spirit Mother to comedown.

Furthermore, if the True Blessing which is the Blessing of Perfection has been successfully realized by Japanese Blessed Couples in 1999, the following year 2000 would also be the **40th Foundation since the True Parentship begun in 1960**. Ultimately, this would mean that the year 2000 is supposed to be the ideal providential period for True Parents Perfection. Hence, 1960 to year 2000 was a successful **40 years National Course** for True Parentship, therefore, this period should be the ultimate moment for Korea as a Father Nation and for the True Parents to receive the Blessing of Perfection direct from the Holy Spirit Mother which is being substantialized by the Mother Nation.

But what happened to the Holy Spirit Providence was very sad and heartbreaking, the celebration day to welcome the long lost Mother never came to reality, the Loving Mother in Heaven who is the owner of life has been ignored by her own children. Eventually, Japan, who was supposed to be the bearer of Mother's Word, did not clearly understand her mission. **This failure of Japan causes the big changes in the Dispensation of the Holy Spirit Providence and immediately redirected the responsibility to the Daughter Nation.**

The role of the Island Nation Federation

For the most part in the **Providence of the Group of the Island Nations**, True Father clarifies that if Japan as Mother Nation will not stand with her responsibility, the Daughter Nation should immediately take over and step forward to do the task that was left undone by the Mother Nation. Amongst the 3 Daughter Nations that were chosen by True Father, **Philippines** is one of his highlights including **Taiwan** and **Canada**.

True Father did not clarify which country would be the Adam Nation to **Canada**, and aside from that; she is located to the other side of the earth at the North American continent. These are the reasons why **Canada** is not fully qualified to be the Nation that will represent the Holy Spirit Providence in place of the Mother Nation.

Let us investigate **Taiwan** which is located in North East of Japan with estimated distance of 1,346 miles. **Taiwan** was proclaimed by True Father in the position as Daughter Nation to Japan. And

accordingly, whatever happens to the mission of the Mother Nation, Taiwan must step in to lead the Providential Nation, but in order for her to be completely qualified for the position, she must have a providentially legitimate Adam's Nation.

According to True Father in the **“The Pacific Rim Providence or The Providence of the Island Nations Federation,”** China is the Adam Nation to Taiwan, but because China carries the communist ideology, then therefore we can conclude that Taiwan is not completely qualified to take the position of the Mother Nation.

If Canada and Taiwan are not fully qualified to the said providential responsibility, then let us investigate the last Nation that may qualify to lead the Providential Nation, which is the Philippines.

Philippines have been declared by True Father as Daughter Nation to Japan and Korea, fully surrounded by water and she is also located in the North East 1,911 miles under Japan's peninsula. America is chosen by True Father as Adam's Nation to the Philippines and as leader of the Democratic world and Abel to China, America is more than qualified to be an Adam's Nation to the Philippines. Therefore, America and Philippines plays a crucial role in the providence at the present time and the most essential for both nations to undertake is to accept the responsibility of the Holy Spirit Providence and lead the world through the Providential Nation.

But how are the Unification Church leaders and elders in the Philippines viewed the Holy Spirit Providence? Did the Philippines understand her responsibility as Daughter Nation to Japan? Did she ever realize how important her mission will be in the Providential Nation? Evidently, based on the actual situation, the Unification Church leaders and elders who are supposed to take the responsibility for the Philippines providence **did not really understand their mission** because if they do, **they would have immediately assume the responsibility upon realizing the failure of the Mother Nation.**

As a result, God was left with no options other than finding for the qualified Blessed Couples by Himself and raise them up to the position of the Holy Spirit Mother. And whoever will be the Blessed Couple in the Philippines that may be chosen by God to reveal the Word of the Holy Spirit, surely that Blessed Couple is the very first couple to undergo the process of marriage ceremony centered on the **True Blessing** which is the **Blessing of Perfection**. This is indeed, the beginning of the biggest providence of the Holy Spirit Mother in the Philippines.

This is actually the ultimate goal of the True Parents and the long been awaited event of the Unification Church, the coming of **“God's Eternal Blessing.”** This is the Blessing intended for Adam and Eve, intended for Jesus and his wife, intended for the True Parents and for the True Blessed Couples.

This is the reason why it's very important for the Unification Church leaders and elders to think deeply before making their judgment. Philippines is the last hope for the success of the Providential Nation, and by that purpose God will certainly use his strongest spiritual work force just to make sure that the Holy Spirit Providence in the Philippines will be realized through the Blessed Couple who pioneered on the opening ceremony to open the doorway of the Kingdom of Heaven. Therefore, failure is not permitted at this time. We have to remember that the consequence resulting from the failure of the Providential Nation will directly hit to the foundation of the True Parents.

The responsibility of the Philippines in the Providential Nation

Being a Daughter Nation, **Philippines should assume immediately** the responsibility of the Mother Nation. She must demonstrate her authority by taking in charge for the foundation and stability of the Providential Nation and she must act now.

Brothers and Sisters, we need to widely open our both eyes to the reality, we should help each other to restore the Father and Mother Nation through the success of the Daughter Nation. Please be reminded that Philippines is the last hope to represent **“God’s Eternal Blessing”** We should not add more burdens to the responsibility which our True Parents have gone through until now. If we really love them, we should demonstrate it substantially by taking our Portion Of Responsibility. We don’t possess any position in this planet except for being the Children of God. We must stop being so proud of ourselves for the position we take hold in the church. Our greatest offering to the True Father is to take him towards perfection while we can. True Father needs to see the reality of the Blessed Couple’s perfection while he still here in the Physical world. I am very sure that this will be his greatest pride in front of God.

What will be the possible providential consequences if Philippines could not fulfil her mission to lead the Providential Nation?

Hopefully this letter will serve as a providential warning to the Filipino Blessed Families especially to the Blessed Couples, **if they could not able to distinguish the importance of their responsibility in the Providential Nation, Philippines may repeat the failure of the Mother Nation.** If this happens again, the Holy Spirit Providence will be handed over to the Nation who is not a member of the Providential Nation. As the consequence, the Blessing of Perfection of the Second Generation, the Blessing of Perfection of the entire Blessed Couples including the True Parents can nowhere be found.

That’s the reason why Philippines must recognize her position right away; she should response positively with the call of the True Parents and the call of the Holy Spirit Mother as well. **If she will remain blind of her responsibility to the Providential Nation, there could never have a chance for the True Parents to see the Blessing of Perfection while they are still on their physical life.** Unless the Providential Nation will be realized, **the True Parents will remain under the providence of restoration even after the time when they will enter to the Spirit World.**

This truth is undeniable since the Father Nation is in the position that possesses the mission of restoration. Therefore, there is no doubt that he is in the situation who needs the Blessing of Perfection. This is one of so many reasons why the True Blessing is not in the hands of the True Parents.

Wether the Unification Church will believe it or not, it is really true that the perfection of the Mother Nation is the key to the perfection of the Father Nation and the perfection of the True Parents as well. Therefore, the consequence to the failure of the Mother Nation in recognizing fully the Word of the Holy Spirit Mother is the end to the opportunity of Korea to become a True Father Nation.

Most of the Unification Church leaders and members **thought that the True Parents is perfected human beings**, but that way of thinking is totally wrong because we all knew that the blessing received by the True Parents in 1960 is the Blessing of Restoration. That means, True Father and True Mother were both from the sinner’s position and became sinless only after the success of the 3 days ceremony under the authority of the Conditional Blessing.

Brothers and sisters, we need to reflect deeply within ourselves and ask **“What if True Father will go to the Spirit world, can he enter the Kingdom of Heaven?”** before we say **“Yes he can”** we have to remember that it has been written in the Exposition that no one can enter the Kingdom of Heaven without passing through the marriage ceremony under the authority of the Principle of Creation. In fact, this Marriage Blessing is the key for each one of us to reach perfection. For this reason, we can surmise that it is impossible for all of us to enter the Kingdom of Heaven if we could

not able to receive this marriage Blessing of Perfection while we are still living in the Physical World.

I, myself of course do believe that the True Father had reached to the highest level of spiritual maturity but it doesn't mean that he is already a Perfected human being. As far as I know, the Principle concluded that no one can reach perfection without passing through the Ceremony of Marriage under the 3 Great Blessing. Hopefully, the Unification Church Family should examine this issue as a precaution to the status of the True Parents so we can still do something for them before it's too late. Take note that this is our main responsibility as True Children.

After the failure of the Mother and Father Nations what will be their responsibility in the Providential Nation?

The Father and Mother Nation must support the Philippines providence. Being known as Parents, Korean and Japanese Blessed Families should come to the Philippines and raise her up to a stable condition. This is the time for them to use fully their physical and spiritual strength to find the Blessed Couple within the Daughter Nation who had realized the True Blessing and bring them in front of the True Parents. In that way, Korea and Japan can regain their broken spiritual dignity as Father and Mother Nation.

On the other hand, base on the Providential Nation, America who stands in the position as legitimate Adam Nation to the Philippines, must get involve in the Holy Spirit Providence without delay, he should not repeat the failure of Father Nation who was not able to give the full support which the Mother Nation desperately needs during her crucial time. United States of America must therefore support his wife in any way he could, **because if the Filipino Blessed Families fail to stand as being responsible to the Providential Nation, absolutely America will also be taken out from his providential position.** Both nations, Philippines and America, should accept and embrace the responsibility of the Holy Spirit providence and as a providential husband and wife, their unity is very important.

And we should understand that the True owner of the Blessing of Perfection is the Holy Spirit Mother. This would only mean that **the perfection of the America as Adam Nation relies solely to the fulfilment of the Philippines's providence** which stands in the position as Eve Nation.

If the Unification Church Philippines ignores the Holy Spirit, **their biggest responsibility in the providence will turn into spiritual disaster like Japan.** I just hope that when time comes that the World Unification Church opens their eyes to the reality of the Mother's Word, there will still be a Blessed Couples and a Second Generation who remains pure to receive the Eternal Blessing direct from the Holy Spirit Mother. It is very important for the Philippines Unification Church to understand the providence of the Holy Spirit most especially that the Blessing which she represented is vital for all the Blessed Couples including the True Parents and for the Second Generation.

Moreover, **the marriage blessing that is currently given to the Second Generation is wrong.** If the Unification Church will insists that the marriage blessing of the Second Generation they received from their parents is a legitimate, then **in which particular part in the Principle will this formula can be justified?** If they are not sure of what they are doing, they should **STOP it now.** If the Unification Church could not confirm that the Blessing of the Second Generation is a Blessing of Perfection, I will continue to be bold with my viewpoint **that the leaders of the Church are responsible of the spiritual destruction** of the Second Generation.

Hopefully, this expression of being concerned will not be misunderstood by the organization because I have no intention to confuse the Unification Church family. In fact, our Church Leaders are

desperately hunting for people whom they believe are VIP's inside the political world **but had forgotten the reality that the genuine VIP's were being abandoned and totally ignored.** The continental leaders must seriously look into it by their own selves, they should take initiative to go out and do a house to house visit to all the Blessed Couples around the world, I'm sure what they will find out is extremely shocking.

Reasons why the Unification Church must pay attention to the Holy Spirit

The Holy Spirit Mother carries the Blessing of Perfection for True Parents, for all Blessed Couples for the Second Generation. Therefore, **to reject the Holy Spirit Word is definitely saying no to the Blessing of Perfection.**

What will be the meaning and possible consequences for the coming of the Word of the Holy Spirit Mother God to the Unification Church?

Once the Unification Church accepts the Word of the Holy Spirit, they will surely realize that the Blessing of Perfection **is within reach.** But if they don't, they themselves will create the biggest failure in the history of God's providence.

What would be the outcome for the coming of the Mother's Word to the Exposition of the Divine Principle?

The True Parents legacy will remain forever which will be manifested through the faith of the Blessed Families but the coming of the Holy Spirit providence is definitely the end of the True Parents Era. Most of the Unification Church Members believe that the Book of Exposition is complete. But that sort of understanding is absolutely wrong and those members who have that kind of thinking are ignorant of God's Principle.

Since the Book of Exposition of the Divine Principle is under the age of Indirect Dominionship, it would exactly mean that God's Word has not been written down there yet because its completion has still to be accomplished by the coming of the Holy Spirit providence under the age of Direct Dominion. **As a result, during the arrival of the Holy Spirit Word, most of the chapters of the book of Exposition of the Divine Principle will be affected by the new exposition and would be subject for total revision.**

It is true that the Exposition of the Divine Principle has enlightened us on God's purpose of Creation and the Purpose of Restoration; we are so grateful and thankful for the True Parents. But please be aware that the providence of God will not just end there, when the Holy Spirit Mother will come down, **brighter lights will outshine to our current understanding on the Exposition of the Divine Principle.**

That would mean that the Explanation of God's providence during the Holy Spirit era is more explainable compare to the True Parents era. **And if the Unification Church leaders will use the Exposition of the Divine Principle to counter the Word of the Holy Spirit Mother instead of uniting them together, the Book of Exposition of the Divine Principle will definitely dissolve.** This may sound funny for the Unification leaders but the Word of the Holy Spirit Mother should not be challenged.

Unification Church should take on this issue seriously to avoid potential collision to the Holy Spirit Providence.

The Holy Spirit has to come down for the Perfection of the Blessed Couples including True Parents and for the Second Generation. But if the Unification Church will reject the Word of the Holy Spirit

Mother, **they could never find their way out from being tangled by the authority of the Principle of Restoration.**

If the Blessed Families violates the Principle during the time of the True Parents, they will be forgiven in the time of the Holy Spirit. But if the Blessed Families violates the Principle against the Holy Spirit, then who else will forgive them? These are the reasons why the Unification Church leaders and Elders must carefully investigate this exposition. If the True Parents still have the time to listen, then it is ideal to tell him and let him decide if this revelation is true, otherwise investigate it by your self with a clear bases of the Principle.

Why is it possible that the Unification Church itself will persecute the providence of Holy Spirit Mother?

As what had happened to the Israelites, they persecute Jesus **by protecting the Old Testament.** The Christianity persecutes the Lord of the Second Advent **by protecting the Bible.** And certainly, the Unification Church will directly persecute the Holy Spirit Mother **by protecting the Exposition of the Divine Principle.**

Since the Holy Spirit providence arrives without pattern from the history, therefore, most of the Unification Church leaders and members will be caught in surprise by the coming of the providence of the Holy Spirit providence. For this reason, the **Unification Church families should watch out closely to these issues** otherwise they will only welcome the Holy Spirit with insult of such kind of questions:

“Have you completed a 40 days fasting as True Father’s did? Did you ever dedicate yourself in a mission for such a very long time as what I have done? Do you know what does the Kingdom of Heaven means? Did you understand the 4 great realm of Heart? What have you accomplished in the providence? Did you understand the meaning of indemnity? Do you understand True Love? Did you have any experience in fundraising, witnessing and Food raising? Did you know that the book of the Exposition of the Divine Principle is already complete? Then immediately warn the members by saying “Don’t listen to her, she was just being used by Satan to confuse us, she probably has resentments to our leaders.”

Brothers and Sisters, above questions are not an insult to the Holy Spirit Mother provided that someone is asking with an intention to learn, but if the purpose of such question is just to degrade the Word of the Holy Spirit, then this is a mistake that we need to avoid.

But not all members of the Unification Church do not know the coming of the greatest providence, special mention to the Japanese Blessed Families who received so much inspiration from the Holy Spirit but never been understood due to the lack of supports from the church leaders and elders who lock in their faith that no one is capable to give such revelation except the True Parents only, **ignoring the fact that there is God above all.**

Let us use Ms. Hiromi Shirabe and Mrs Yoshiko Nakayama as an example to these particular topics. Due to their unique way of teaching on the providence, the Unification leaders had declined to listen to them further after spending only a few hours of evaluation with their presentation instead of helping them to put their understanding in line with the Principle which Ms Shirabe and Mrs Nakayama believes that those were revelations from the Holy Spirit.

In comparison to the Unification Church leaders and Elders, Ms Shirabe and Mrs Nakayama have better understanding on the providence of the Holy Spirit. In fact, Mrs Nakayama became a victim of

absurd behaviour of the Unification church leaders and Elders for being so bold on the Holy Spirit providence. Without knowing that **Mrs Nakayama was desperately needs the expertise of the so called well-trained Unification Church leaders to oversee the ongoing preparation of the upcoming Holy Spirit providence.** But it was never realized because the Unification Church believes that Ms Shirabe and Mrs Nakayama were just trying to destroy the foundation of True Parents.

Mrs Nakayama did not dishonor the Unification Church nor the True Parents. Indeed, she was worried about the future of the Blessed Families especially to the Blessed Couples and the Blessed Children. She was concerned that if the coming of the Holy Spirit providence can not be foreseen by the Unification Church, the greatest spiritual tragedy will strike not only to the Unification Church but also to the Second Generation which I agree that her view point on this particular issue is true.

Mrs Nakayama is sincere with her intention, but the Unification Church did not even give her a chance to show her truthfulness in the providence. But despite the pressure in effect of personal accusation from the Church leaders she just ignored them, for her, what is important is to tell them the truth especially to the Blessed Couples who is the main subject for the reception of the True Blessing.

If we really understand the mission of the Providential Nation, Mrs Nakayama is absolutely right by coming over to the Philippines base on her understanding that the Filipino Blessed Couples are the only hope in realizing the True Blessing. If the Unification Church Philippines have given Mrs Nakayama the chance to present the details of her understanding on the providence, they would have been awoken to the reality that Blessed Couples Philippines is the last hope of the Holy Spirit Mother to accept the responsibility which was abandoned by the Mother Nation.

Did Mrs. Nakayama have fully succeeded with her mission?

Mrs Nakayama's part of her Portion of Responsibility is to inform the Blessed Families Philippines regarding the incoming providence of the Holy Spirit Mother, and she did. Though she was being turned down by the Unification Church leaders and Elders but it can not be denied that she was able to manage in sending out a strong messages to the Blessed Families Philippines and I think she has been successful in that particular issue.

But, on the other side of the story, the True Blessing was realized without Mrs Nakayama. She fails to stand with her responsibility during the most crucial time of the providence. Soon after, she became misguided and then finally turned her providential mission steering back to Christianity.

Mrs Nakayama should stand on her position. Taking her mission back to the Christianity is a sign of failure, it's an indication that she did not fully understand that the Holy Spirit has to come down not for the sake of the sinners as everyone's thought. If the Holy Spirit will come down for the sake of the sinners **then she could have come down immediately right after the fall of Adam and Eve,** but she didn't, because the Holy Spirit Mother will only come down when there is Blessed Couple ready for perfection, and that qualification can only be found at the heart of the Blessed Families. If she insists that her decision to bring her mission back to the Christianity is right, this would mean that Mrs Nakayama is totally failure.

I would like to remind Mrs Nakayama that Christianity can never ever understand the mission of the Providential Nation, therefore what ever the outcome of her mission in the Unification Church she must hold that ground. Mrs Nakayama should pursue in finding the Blessed Couple who had realized the True Blessing and help them to demonstrate the authority of the Holy Spirit Mother in front of the Unification Church. Therefore, she needs to come back immediately before everything is too late

for her.

On other hand, if the Unification Church family understands the importance of the mission of Mrs Nakayama in the Unification Church, they would be very grateful for all of her hard work on the Holy Spirit providence. They would probably regret for not helping Mrs Nakayama's effort on giving awareness in the upcoming of the greatest providence **that even Mrs Nakayama doesn't have an idea of how great it is.**

Did Mrs. Nakayama fully understand the meaning of the True Blessing?

It was year 2006 when Mrs Nakayama brought up the issues of the True Blessing to the Philippines as the center of her mission. But in reality, did Mrs Nakayama understand the real meaning of the True Blessing? The answer is No! Mrs Nakayama has no concrete explanation on the True Blessing; it is because, only the Blessed Couple who have substantialized the said True Blessing can fully explain its meaning. Mrs Nakayama even believes that the True Father is the one who will give the True Blessing. Without knowing, that even the True Parents themselves are required in the Principle to receive on the said True Blessing.

Where do you think Mrs. Nakayama would have to go providentially?

Let us be reminded, that the providence of the Holy Spirit is always on top of all providence, therefore Mrs Nakayama should go back from what she have been started in the Philippines 7 years ago and should focus on the top providence. No matter what the Unification Church leaders would say and whatever the failure caused by the people who were supposed to prepare the way of the Holy Spirit, the providence of Perfection should remain on top of priorities. **Therefore, turning away from the providence back to the Christianity this time is not really an option.** It is essential for Mrs Nakayama to find the Blessed Couples who had substantialized the True Blessing and help them to stand strong against the pressures brought by close-minded Unification Church leaders and elders while there are still chances for her to do so

Does Mrs. Nakayama have the authority to give the Blessing related to Restoration and Perfection?

The Conditional Blessing is the responsibility of the True Parents that makes the sinners to become sinless and make them ready for the Holy Spirit. While the True Blessing, is the responsibility of the Holy Spirit for the perfection of the True Parents and for the perfection of the Blessed Couples and the perfection of the entire Blessed Families.

For that reason, Mrs Nakayama does not have the authority to give any of the above mentioned Blessings. If someone will insist that she could, there is no way to suit that argument in accordance to the Principle. Because, the mission of Mrs Nakayama is to prepare the Filipino Blessed Families internally so that by the time the Holy Spirit Mother finds the Blessed Couple in the Philippines who qualify to carry out the Marriage Ceremony under the True Blessing, then everything in the preparation shall be in place.

Base on the Providential Nation, after Japan loses her position as Mother Nation, there is no way for the Japanese Blessed Couples or anyone inside the Japanese Blessed Families to represent the True Blessing or any types of Blessings related to perfection. That is why, as part of Japan's recovery to the position as Mother Nation, Mrs Nakayama and her people came to the Philippines to warn the Filipino Blessed Families that the Holy Spirit is coming for them. **But proclaiming herself in the position of the Holy Spirit is such a big risk for her crucial providential career.** If she

will do that, Mrs Nakayama as John The Baptist to the Philippines will be counted as one of the greatest failure in the providential history.

But in spite all of the providential technicalities and differences of our understanding; we should work together for the Holy Spirit providence. Together with my family, we are thankful to Mrs Nakayama for her braveness and unconditional sacrifices just to awaken the Filipino Blessed Couples because without her spiritual aggressiveness, **the True Blessing could have been ended in disaster.**

Brothers and sisters in the Unification Church, the Book of Exposition will not stay forever. The fact that the book only expose the nature of the invisible reality, that means, when that invisible reality comes to life the mission of the book of Exposition of the Divine Principle will absolutely ended.

With the arrival of the Holy Spirit Mother, the clearer explanation of the Truth evolve, **it can explain the Principle more understandable compare to what we've got in the Exposition.** If the leaders and Elders of the Unification Church will make my declaration funny and immediately conclude that I am wrong, it seems though that they are disproving their own teaching in the Principle. And if they will continue to ignore this awakening call, I will send more revelations that could shake the integrity of the Book of Exposition and nobody can ever stop me from doing it. This is what I've learned from the teaching of True Parents and I always do.

I supposed there's no need for us to argue about what is the Truth. Just find it out by your own self through the Principle. **Let's give way to the Holy Spirit Mother to clarify the direction of the providence today.** Once and for all, the Blessing of Perfection for the True Parents is at stake and this mainly the reason why we are in the most crucial moment of our responsibility as True Children.

Let us unite instead, set aside all our individual differences and focus on the perfection of the True Parents as much as we could. Otherwise, regrets will cover the whole Unification Church Family forever especially to the church leaders and elders who already received my letter of awareness 3 years ago. Now, every single person who receive this e-mail, regardless of their position in the church, have their own responsibility wether to believe or not that the True Parents is not yet perfect or else you must have to investigate it further.

I would like to remind everyone in Blessed Families; let's not repeat the mistakes of the Israelites who killed Jesus just to protect the Old Testament, let's not repeat the mistakes of the Christianity who have persecuted the Lord of the Second Advent just to protect the credibility of the Holy bible. We should not repeat those mistakes by blocking the way of the Holy Spirit Mother Just to protect the Exposition of the Divine Principle. Brothers and Sisters in the Unification Church including Mrs Nakayama, her people and other research organizations who disconnect from the odd leadership of the Unification church, please decide now before it's too late for True Father.

What is 2013 meant for Unification Church?

The incoming event of the Unification Church in 2013 is full of speculations, huge spiritual preparations and full of expectations. But I think the most important part of the event yet missing on the preparation is **“The welcome banner for the Holy Spirit Mother signed by True Parents.”** To unite heaven and Earth is impossible without the cooperation of the Holy Spirit Mother through the Blessing of Perfection. And Perfection can only be realized through the marriage ceremony under the Principle of Creation which is free from the intervention of the Principle of Restoration.

The special event set up for 2013 is a long been overdue for the Blessing of Perfection intended for the True Parents 12 years ago. If Japan as Mother Nation recognizes the providence of the Holy Spirit in 1999, the year 2000 could have been the year of Perfection for the True Parents and supposedly the year of proclamation of the 3 Great Blessing centered on the Second Generation.

To all brothers and sisters in Unification Church including Mrs Nakayama and her members, the Blessing of Perfection has been successfully received and realized in 2008. Based on the Principle, this is the only year that fits the providential requirements for the True Blessing. I do not encourage anyone to believe, but it is our duty with my wife to notify the Unification Church of what we have seen about the Truth. If we take a look around with in our organizations, we can clearly see that something is missing in the providence, that is, **“The Holy Spirit Mother.”** In fact, the family is totally incomplete without the presence of mother. **I think it is very heartbreaking for the Holy Spirit Mother when her own children did not even recognized her as a Mother, I can't imagine how painful it is in the heart of a loving Mother.**

I know that this letter is shocking to the Unification Church leaders and elders, but this is the Truth indeed. **What if, one day we can realize base on the Principle that the True Father can not enter to the Kingdom of Heaven without receiving the Blessing of Perfection during his physical life? Can we save him base on our faith and proclamation?** I don't think so, perfection could not be proclaimed by anyone but God. **The Principle could not be fitted to what we want for ourselves, but rather, we should fit ourselves to the direction of the Principle.** It does not matter how many millions of times we become champions of God **but without receiving the Blessing of Perfection during our physical life, we can never see the Kingdom of God.** That's the way of the Principle.

Together with my wife, we would like to ask all members of the Blessed Families, please open widely your understanding on today's providence, respond positively and take the necessary action as part of our responsibility while we still have time. The broken faith of members should be restored and come into one to welcome the providence of the Holy Spirit Mother who carries the perfection for the Blessed Couples including the Perfection of the True Parents and the Perfection of the Blessed Children.

I do not intentionally write this article to hurt the feelings of the family members and leaders that somehow would cause more pains and heartaches. This is an awakening call for all Unification Church Leaders, Members and Elders. **We do really need an honest reform to our system of education for all Blessed Couples and Second Generations with the guidance of Mother God who came down and bringing the words of perfection for all of us, we have to immediately do this before time runs out.** Being grafted from the True Parents would mean living our life in accordance to the principle and not just showing kindness outwardly yet deep inside are so arrogant and self-centered which are extremely harmful for the spirituality of the young ones. This is not an accusation, as we can see that the leadership of the Unification Church nowadays is **severely deteriorating** due to such contagious behaviour. And I believed that the Unification Church is in the brink of collapse. Therefore brothers and sisters, for the sake of the Blessed Children we have to deeply reflect on our attitude and think about how we can help God to accomplish the long lost cherished desire for all mankind.

If there is anyone among the family members who would claim that they love the True Parents then you should show it through your good deeds from which the True Parents' teachings are manifested. We endlessly hope that Unification Church elders and leaders will change their attitude eventually for the benefit of the whole especially for the Blessed Children. The Unification Church must start

now in reuniting the broken families and rebuilding the bridges that will reconnect them back to the True Parents so they could be able to renew their strength for the biggest responsibility they have to take in the providence at the present time, the providence of perfection headed by the Holy Spirit Mother.

God bless us all and thanks for reading,

Who is the John The Baptist of the Mother Nation Japan? – The “**John The Baptist**” of the Mother Nation Japan is none other than Korea, since he is the Father Nation who suppose to prepare and raise Japan to become stable in order that she can fulfil her biggest responsibility being the Mother of the Providential Nation.

Who is the John The Baptist of the Holy Spirit providence in the Philippines? – Mrs Nakayama is the “**John The Baptist**” of the Holy Spirit Providence in the Philippines because she is the one who awaken the Filipino Blessed Couple to welcome the coming of the Holy Spirit Mother.

What is God’s Eternal Blessing? – God’s Eternal Blessing is indeed the Marriage Blessing of Perfection set-up by God himself and not by the True Parents.

Is it true that the Messiah can make mistake? – Yes, he can because mistake is not controlled by the Principle.

Is it true that the Messiah can commit sin – It depends. The Messiah who is not yet perfect may somehow violates the Principle. But the Messiah who reached perfection can never violate the Principle.

What is the difference between mistake and sin? – Mistake is something we have done wrong unintentionally but we have not violated the Principle. Sin is something we have done with full knowledge that the certain act can violate the Principle but we still pursue to do it.

Is it true that the Messiah knows the whole thing in the history and everything that would exactly happens in the future? – The answer is No, because if the Messiah does, then, the Principle of God is invalid.

What is the Spiritual position of True Father since 1952 to 1960? – According to the Principle, all sinners must receive the Conditional Blessing in order to become sinless. True Father had received the Conditional Blessing in 1960 for him to become sinless therefore his spiritual position from 1952 to 1960 is Sinner.

After the conditional Blessing in 1960 until now, did the True Parents reached Perfection? –

From 1960 up until now, True Parents did not reach Perfection yet because, if they do, the Holy Spirit providence should have been introduced long before the day of the True Parents Perfection.

Could True Parents give the Blessing of Perfection? – Definitely the True Parents are not in the position to give the Blessing of Perfection since they themselves need to pass through the Blessing of Perfection as well. The Blessing of Perfection is coming direct from the Holy Spirit Mother, she has the full authority of the Marriage Blessing centered on Perfection.

Is it possible for True Parents to give the Blessing of marriage under the principle of the 3 Great Blessing? – Basically, the answer is No, this could not be possible for the True Parents to give the Blessing of Marriage under the Principle of the 3 Great Blessing due to the fact that the second Blessing of the 3 great Blessing is under God's direct responsibility.

Could True Parents enter the Kingdom of Heaven without receiving the True Blessing?

– The answer is No, since the True Blessing is the Blessing of Perfection under the direct responsibility of God. Every single Blessed Couple needs to receive the marriage Blessing of Perfection including the True Parents

Is the ceremony of marriage centered on the Conditional Blessing can liberate the whole creation? – Yes temporarily, unless the Blessing of Perfection is realized the creation remains separated from the creator.

Is it true that the marriage ceremony centered on the True Blessing can liberate the whole Creation? – Yes except the human being. The creation becomes fallen due to the false ceremony of marriage. Therefore, the only way to liberate the creations back to the original position is the Ceremony of True marriage.

Would it be possible that the True Blessing can be realized by a single person? – The answer is absolutely No, because it is a Marriage ceremony which to be executed by the Blessed Couple, both husband and wife.

Did the True Father know that the Book of Exposition has lots of mistakes? – Yes he definitely knew that EDP has lots of mistakes, but he didn't have an exact idea from which part of the exposition particularly is wrong. Only the Holy Spirit Mother can point it out.

Estimated percentage of the Unification church leaders and members who do not understand the Principle – 99 percent of Unification Church leaders and members did not understand the Principle. Most members follow the True Parents by faith only not by law. This is the reason why most leaders and members can easily violate the principle. Just imagine what would be the peace and order to the community who just follow the leader but not by the law.

When will the True Parents Era ends? – The arrival of the Holy Spirit providence is the end of the True Parents era.

Is it true that the Blessed Couple holds the same position of the True Parents? – Yes it is very true. Both holds the same position since they received the same Blessing (Conditional Blessing) which is under the authority of the Principle of Restoration. **The only thing that matters is the size of the heart.**

Is it true that True Parents era is the last of God's providence? – No it isn't, the True Parents providence has limited authority to make the sinners sinless but can't take them to perfection.

Perfection is an individual's responsibility by receiving the Blessing of Perfection direct from the Holy Spirit Mother. **Therefore, the providence of the Holy Spirit is in fact, the Providence of Perfection**

Is it possible for the Blessed Couples to reach perfection without the Holy Spirit Mother? – No, the Holy Spirit Mother is the completion in the providence. **The Blessed Couples who do not believe the Holy Spirit Mother will remain seeds inside True Parents body forever**

What is the True Blessing? – True Blessing is the ceremony of marriage that will take the Blessed Couples out from being under the Authority of the Principle of Restoration and bring them into Perfection. This Blessing is purely God's Responsibility.

What is Conditional Blessing? – Conditional Blessing is the ceremony of marriage that can make the Sinners sinless. This Blessing is purely the responsibility of the True Parents and the Blessed Couples.

Who are the True Children? – True Children are the person who faithfully believes, absolutely follows direction and have completely substantialized the Word of the True Parents. It does not mean literally that if you are the physical children of the True Parents then you are the true children. **The Physical Children of the True Parents who never believe the Principle are not his children in front of God. How can you be a true child providentially if you do not know your parents?**

Is it true that the Exposition of the Divine Principle is a Divine Principle? – No, the Exposition of the Divine Principle is a textbook which only expose the nature of the Divine Principle

What is the basic qualification in order to receive the True Blessing? – True Blessed Couples/True Blessed Families

Is it possible for the True Parents to enter the kingdom of heaven without passing through the ceremony of True Marriage under the True Blessing? – No it's not possible, because the True Blessing ceremony is a mandatory requirement in order for the Blessed Families to be separated from the Principle of Restoration that bond with them.

Why is the Conditional Blessing under the Principle of Restoration? – Conditional Blessing is under the Principle of Restoration because its law is not absolute.

Is it true that the Exposition of the Divine Principle is complete? – No, the book contains the topics mostly in the indirect dominion era therefore it is very incomplete.

Did the book of Exposition of the Divine Principle acknowledge the Holy Spirit Mother God? – No, in **Section 2, 2.1 Angels, Their Missions and Their Relationship to Human Beings** have said: Like all beings, angels were created by God. God created them prior to any other creation. In the biblical accounts of the creation of heaven and earth, we find that God spoke in the plural: "Let us make man in our image, after our likeness."³⁰(Gen. 1:26)[CEV|KJNI](#) This is not because God was referring to Himself as the Holy Trinity, as many theologians have interpreted the passage. Rather, He was speaking to the angels, whom He had created before human beings. (Taken from Exposition of the Divine Principle)

This statement of the exposition referring to Gen: 1:26 is almost saying that God and his servant had a give and take action to create the human beings. The process of creating a child should be a process of give and take action between husband and wife so that they can claim the sole ownership

of the said created baby. The text of exposition here seems testifying or confirming that the Angel as servant has also the ownership to the human beings. If the Angels are co-creator of God in creating the human beings, then the act of Adam and Eve in the Garden of Eden did not violate any principles. The biggest failure on the Exposition of the Divine Principle here is the mere fact that it never recognizes the existence of God the Mother, which is very...very sad.

What will happen to the Unification Church if they will not accept the providence of the Holy Spirit? – What do you think would possibly happen to a child without having a Mother's milk? If the Unification church could not see the providence of the Holy Spirit Mother then they will become spiritually malnourish. Without the Mother's milk the Unification Church will definitely starve spiritually and face the consequence of grave spiritual illnesses.

Is it true that suffering is the requirement for everyone to receive the Blessing of Perfection? – No it's not, because if suffering is the requirement for all of us to reach perfection, then it would mean that suffering is part of the Divine Principle. If that so, suffering is not because of the effect of the human fall but rather, it is with the law. If anyone insists that suffering is one of the requirements for all of us in reaching perfection then we should be thankful to Adam for committing such spiritual crime that made us all to suffer and then finally reach to perfection through that suffering.

Suffering is due to our refusal to change our heart, most Unification Church leaders and members believe that indemnity is a sort of punishment to our sin **which I absolutely disagree**. Indemnity is our privilege in order for us to eliminate our difficulty by changing our hearts. Indemnity is not created by God for us to suffer if we make something against the Principle, but it is the opportunity for us to make sure that we can climb back to our original state as True Human beings.

Why most of the chosen people become a hindrance to God if he introduced the New Providence? – **The reason why most of the chosen people causes the hindrance every time God introduce the New Providence because they don't understand that God's word is always expanding; the first reaction of the chosen people upon hearing the new providence is to protect the current providence and block the new one. But if the chosen people understand that God's Word is growing, they will always expect the coming of the greater providence, in that way they will never be an obstacle to the expansion of the growing Word of God.**
