Life Experiences with our True Parents Heart

--True Parents becoming decisively our own True Parents.

Rev. Hiroshi Matsuzaki is a cherished name in many countries. He joined JCARP in 1966 and was one of the first 12 Japanese brother missionaries to come to the USA. He has often fished with and attended True Parents and their family. He has greatly helped to pave the way for many of TP's miracles. He has served as an inspiring lecturer, charismatic leader and a deep hearted brother for America, the Philippines and the world.

He graduated the first class of UTSeminary in 1977.

His focus has centered on the Pacific Rim. Today, he is the leader of the Island Nations Federation, NGO.

He was blessed to his lovely wife in the 777 Blessing in 1970 and they have 2 wonderful and faithful sons.

We are so happy that Rev. Matsuzaki can join with us...he will speak from first-hand experiences.

Hope you all will come on November 6th and be embraced in the love of our Heavenly Father.
