

## FFWPU UK: Own Your New Dawn 7-Day Workshop Held At Livingstone House

Bogdan Pammer  
January 24, 2026

Please hear from our beloved sister Tae about the workshop that just took place, bringing different generations and ages all together...

From January 5th and 11th, UK 7-day workshop was hold in Livingstone House! This time, River south HTG team and North Thames HTG team organised with local members and invited their guests. Two guests and six members participated on all seven days and received certificates of completion. Including those who participated partially, the total number of participants in the workshop, including staff, was 10 guests and 40 members.

The main contents of the workshop were Principle, Korean Epic, True Parents' Messianic Proclamation and Life, Heavenly Parent and FFWPU's vision, and there were also many testimonies from blessed families.

The participants were highly focused during Dr. Hanna's lecture, making it a very peaceful and educational workshop. Both staff and participants helped each other and worked hard to create a positive atmosphere, resulting in a warm, family-like atmosphere. The guests were deeply inspired by the content and by our members. Seeing the guests' reactions reaffirmed the beauty of our community and gave us hope for the future. The workshop provided an opportunity for participants to consider how they will shape their own lives in 2026, learning about the Principle, Heavenly Parent's dream, True Parents as the Messiah, and Korea as a nation prepared by Heaven.

There were many beautiful moments during the workshop, such as deep conversations as brothers and sisters, the willingness to learn from each other across generations, the staff working together towards a common goal to run the workshop, and the resurrection of each guest, which all seemed to inspire and move the all participants.

Throughout the workshop, one guest even completed an application and committed to membership. It appears that all participants, including the staff, gained renewed motivation for 2026.

Thank you for your support and prayers!
