### About the Workshop

The ODP+ (Original Divine Personality +) workshop is a precious opportunity for those aged 18+ to go through some focused and stimulating spiritual training. The ODP+ workshop has developed year upon

year, and has been consistently challenging, as well as rewarding and enjoyable.

Through the content, there is a chance to experience the essence of True Parent's teachings, and the core aspects of Second Gen education from years of experience. Indeed, the importance of connecting personally to God, True Parents, and other key relationships in our lives is a strong emphasis throughout the programme. As well as the focused education, a lot of the atmosphere that makes this workshop comes from the energy and relationships that participants build in their teams, supported by team challenges, sports and activities. The education will encourage participants to explore their Original Divine Personality together.

This workshop is open to all 18+ who are looking to go deeper and who want to invest in creating an experience that will revitalise you and your spiritual life. Whether you are graduating high school, planning to take a gap-year, studying at university, or working, this might be the right choice for you to make a positive change - with an experienced and dedicated staff team to provide personal support and care. The experience cannot be explained easily, but it will be worth the commitment if you are open to make the effort.

We are confident that this experience can make a substantial contribution towards preparation for the matching and Blessing, and to provide both a detox and recharge for a fresh start.
