

FFWPU UK: Introducing Our New Instagram Page - @familyfeduk

Bogdan Pammer
June 29, 2025

As our community continues to grow and evolve, it's important that we also find new ways to stay connected and share our journey together. That's why we're excited to introduce the Family Federation UK Instagram page - a new space for our members to stay updated, inspired, and united through the power of social media!

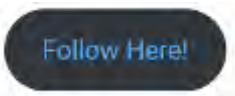

In today's fast-changing world, platforms like Instagram give us the opportunity to keep up with the times while deepening our sense of family across the country - and beyond. Through this page, we'll be able to collaborate more closely with other regions, share updates from events, celebrate our youth and families, and spread messages of faith, hope, and community.

Whether it's highlights from a recent gathering, inspiring testimonies, throwbacks to special moments, or reminders about upcoming events, our Instagram page is here to help us all feel just a little more connected. It also gives each of us a chance to contribute - tagging the page in your own posts, sharing content you find meaningful, and helping the spirit of our movement reach more hearts.

We're truly looking forward to building this together with our brothers and sisters across the UK. Your support, engagement, and presence will help make it a space that reflects the warmth, diversity, and heart of our Family Federation community.
