November Highlights From Our North England Community!

Hear what our North England community has been up to this month...

November 9 - Sunday Service

Our North England community was blessed with a special visit from our National Leaders, Bogdan and Yoshiko Pammer, along with their children. They shared an inspiring message centered on the importance of staying close to God. While moments of rest and reflection are natural, they reminded us never to step away from God - the loving being we can trust for guidance in our lives. Bogdan spoke passionately and directly about God's unwavering love, encouraging us to live with conviction and courage in our faith.

November 8 - One-Day Divine Principle Workshop

The Sheffield community hosted a meaningful workshop in the warm setting of a family home, welcoming friends, colleagues, and neighbours. We were delighted to have four new guests join us for this special day. Presenters Peter L. and Dale R.

shared the Principle of Creation, framing it as God's dream for humanity. It was truly inspiring to witness even an atheist guest engage with great interest, showing the universal appeal of these profound ideas.
