### German Christmas Celebration Held in River South!

On November 15th, the River South Community came alive with festive cheer as our sister Sigrun organized another delightful German friendship event at the River South Peace Embassy.

The gathering brought together a diverse group of participants, including German, British, African community members, as well as international students from Korea and Japan.

The event was beautifully MC'd by Sigrun's son, Benedict. Benedict delivered an inspiring talk on Friendship, followed by a heartfelt performance of a Christmas song that set the tone for the evening. His

dedication extended beyond the stage, playing a key role in outreach efforts, inviting guests and ensuring everyone felt welcome. Benedict also showcased his culinary skills by baking an array of traditional German Christmas cookies, which were enjoyed by all.

Guests were treated to warm fellowship and cultural exchange, making the event a true celebration of unity and peace. Among the attendees was a Japanese lady who later joined the River South Sunday Service, expressing how deeply inspired she felt by the church community and the festive gathering.

It was not just a Christmas celebration but a reminder of the power of friendship and shared traditions to bring people closer.
