

## FFWPU UK: Celebrating Korean Culture at the Why Principle Club

Bogdan Pammer  
December 6, 2025

We recently hosted an exciting Korean Cultural Exchange event at the Why Principle Club, and it was an unforgettable experience! A total of 10 guests joined us for an afternoon filled with fun, learning, and cultural discovery.

The event kicked off with a lively icebreaker, setting the tone for an interactive and welcoming atmosphere. Guests then dove into the fascinating world of K-culture, exploring traditions, customs, and modern trends that make Korean culture so unique.

One of the highlights was playing Yutnori, a traditional Korean board game that sparked laughter and friendly competition. And of course, no cultural exchange would be complete without food! Everyone enjoyed the delicious flavors of Bibimbap, a classic Korean dish that brought people together around the table.

This event was more than just activities, it was about connection and understanding. We learned, shared, and celebrated Korean culture in a way that left everyone inspired and eager for more.

Thank you to all who participated and made this event so special. Stay tuned for more cultural exchange opportunities at the Why Principle Club!
