Dear brothers and sisters, members and friends of FFWPU UK, We wish you a happy New Year 2026!

Today marks the 102nd day of True Mother's detention, but she encourages us to look up and move forward with the conviction of a people chosen to build a new world.

As we leave the year of the snake behind us and enter the year of the red horse, let us embrace the magic of a new beginning and the regenerative power of faith, hope, and love!

According to one commentator, the "Fire Horse signifies a time for ambition, adventure, growth, and taking creative action, encouraging us to move quickly in unison with others, to be enthusiastic, adaptable, and pursue new opportunities with strength and determination, breaking free from limitations."

That is a nice outlook, and as always, it is up to us to make it happen.

Let us add to the fire of our devotion and personal drive, the energy of peaceful and harmonious human connection.

This was very much the spirit of the New Year's Prayer we could join this afternoon. You can watch the recording here: [vimeo.com/1150679341](https://vimeo.com/1150679341) This year's motto, 2026, is again:

"In the 13th (14th) year of Cheon Il Guk, when we attend the Creator Heavenly Parent substantially, let us, the blessed families around the world, become true sons and daughters of Cheon Il Guk who fulfil our responsibility as the chosen people in unity with True Parents!"

Warm wishes,

Bogdan and Yoshiko
