Zagreb, Croatia, October 28, 2018

By Dejan Perhat

Our Peace road event began at 10 am at the holy grand, with 12 participants from several Croatian blessed families. We prayed together and went to the city center, some participants by walk and other went biking.

We first stop in the front of Orthodox church, prayed and made some common

photos and after that went to the main cathedral in Zagreb.

In this way, we wanted to connect traditional spiritual foundation of our country with the new spiritual foundation of Unification Movement.

Before we started our prayer in the front of cathedral one man approached us and asked what we are doing and what is Peace road.

After our explanation, he and his wife accepted our offer to join us for the group photo with Peace road banner.

He is journalist for religious topics in Austria and know True Parents and our Movement very well.

He shared his support for our event.

After that, we finished our Peace road event with closing prayer, and shared some fruits and cakes in the city park.
