

### 3rd Annual CARP Hyojeong Trip to Japan and Korea: Day 13 – 7/8/18

Teresa Rischl  
July 8, 2018

Nobody goes to Heaven alone! Today, we had the opportunity to visit Mother Moon's current residence. Although we didn't get to see her (again), we did get to see the achievements of Father and Mother Moon's life. The dedication that Father and Mother Moon had poured for God was apparent, and many participants could feel God's love directly just by being at their residence.

After the tour, Mother Moon treated us to lunch. She reserved her restaurant and served us fancy Korean food. She wasn't personally able to come, but we could feel how much she was thinking out us through this special treat!

Later, we closed the evening with testimonies from our brothers and sisters about their experience at this workshop and an open mic to showcase everyone's talent! It was an amazing experience to be able to share our final moments as a larger workshop with the people we love.

Tomorrow, we will have to say good-bye to a few people as we fly back to Japan, but we keep our spirits high knowing that Mother Moon and our brothers and sisters here at this workshop love and care for us deeply.
