Wishing you a joyous New Year

All of us at CARP want to thank you for your support, investment, and love in 2018. We accomplished so much! A full year-in-review will be available soon - it's packed with great memories and accomplishments from students making a powerful impact on their campuses (and the world!).

As we reflect on 2018 and look forward to the year ahead, we had to acknowledge you...

You made a difference this year.

We finish the year in gratitude and wish you many blessings.

Love,
The National CARP Team
