WFWP Netherlands held their New Year's Celebration in Amsterdam under the theme 'Towards a Global Culture of Peace'

We were joined by several ladies from the 'Bond of Professional Women' (BPWNL), which is also an NGO in consultative status with the UN.

We had a lottery in aid of the global 1% love sharing initiative for North Korea, after watching a video about it 'North Korea Through the Eyes of Witnesses' (http://youtu.be/wM1sKwW_Ogk).

We also showed a short video introducing the work of WFP Int'l.

After a presentation by WFP President Rita Salaris and some entertainment, we then shared and socialised over a beautiful Korean dinner. It was wonderful that the event was very actively supported by our young women.
