FFWPU Russia: Deepening Faith Across Generations - Moscow's Level 2 Blessing Seminar

Alexei Saveliev
July 19, 2026

MOSCOW - From July 16 to 19, 2026, Moscow served as the gathering point for an intensive seminar on the 2nd Level Blessing (Parts 1 and 2), held as an integral segment of an ongoing 40-day seminar on spiritual growth.

The four-day event brought together approximately 70 participants, operating simultaneously for both First and Second Generation members. Beyond candidates preparing for their future blessings, numerous established Blessed Families attended to refresh their understanding of the lineage, tradition, and purpose of the Blessing in the Cheonilguk Era.

Key Presentations and Leadership Addresses

The curriculum delivered guidance on spiritual preparation, family values, and community leadership. Attendees heard directly from prominent movement leaders and educators, including:

Pres. Moon In Pyo
Galina Chernomorets
Marianna Sokurova
Maria Marycheva
Elena Kalmatskaya
Olga Galliulina
Oleg Kuzmin

Adding personal depth to the educational sessions, moving testimonies were delivered by the Talipov family and the Sokurov family. Their practical insights on family life, faith traditions, and overcoming generational challenges provided participants with real-world examples of the Blessing's application.

Program Outcomes and Certification

The seminar provided a valuable environment for intergenerational dialogue, allowing older and younger members to study and reflect alongside one another.

At the conclusion of the program, 25 candidates representing both First and Second Generations received official certificates of successful completion for the entire 2nd Level Blessing program. The remaining participants - comprising family members and supporters - left with renewed clarity and commitment toward building strong, faith-centered families.
