

Belvedere Family Church: Belvedere Stage Redesign

Kester Wilkening
November 19, 2022

Hi everyone!

As announced at service on 11/13, we are beginning the process to redesign our stage. We'll be working closely with Belvedere property team and we will have a thorough design process to address the various considerations that come with such a change.

If you would like to have a voice in this process, a small action needs to be taken :) Send an email to Kester Wilkening at kester.wilkening@gmail.com saying "please include me in the stage redesign process", and you will be invited to 1-hour periodic (not too frequent) Zoom meetings as we make progress.

The purpose of the meetings will be for constructive, thoughtful feedback, and we will have clear facilitation to make the meetings a good use of everyone's time.

Thank you!

Kester Wilkening
Community Gathering Coordinator
