Lebanon: YSP Lebanon Inauguration

The inauguration of YSP Lebanon will take place on September 28th, in collaboration with UPF Lebanon. After a special meeting with the Lebanese Minister of Culture, UPF Lebanon could secure the UNESCO Palace venue, and the Minister agreed to give his support. Our YSP Lebanon members are going to universities to do outreach for the event, and UPF Lebanon could confirm one famous Lebanese singer for the event, free of charge. We expect more than 200 people.

UPF Seminar for Peace Ambassadors

4 VIPs from the Middle East: Dr Falak Jamani and her husband, Dr Yousef Arikat from Jordan; and Kadir Yucelbas and Ozay Cilekci from Turkey attended the special UPF seminar in the Netherlands. The spirit was very high, with many participants feeling it was a new start in their lives. They promised their full support to develop UPF in their nation.

Lebanon: IAPD Clergy Leaders Meeting

15 religious leaders attended the meeting this Saturday, where our subregional President could give a speech.

Libya: Aid to Cities Affected by the Flood

It is difficult to get aid into Libya because the country itself is divided. As one peace ambassador explained, "there is a problem with the logistics of delivering aid, even from within Libya to the affected areas." However, thanks to the help of an active Russian peace ambassador, we are now in contact with a charity based in Benghazi. With their help, we are preparing to send medical aid to Derna and the smaller towns which surround it.

Morocco: Earthquake Aid

Following the earthquake in Morocco we are preparing to send aid to the worst hit area in the mountains. WFWP lead this effort, working with Hajiba Ayoubi, a WFWP representative and is also senior advisor to UPF in Morocco. Hajiba and Zoe are coordinating efforts with Mouna of the Anwar charity, to deliver emergency aid as collected in donations from our FFWPU EUME membership. We hope that this can be followed by a more long-term school reconstruction project.

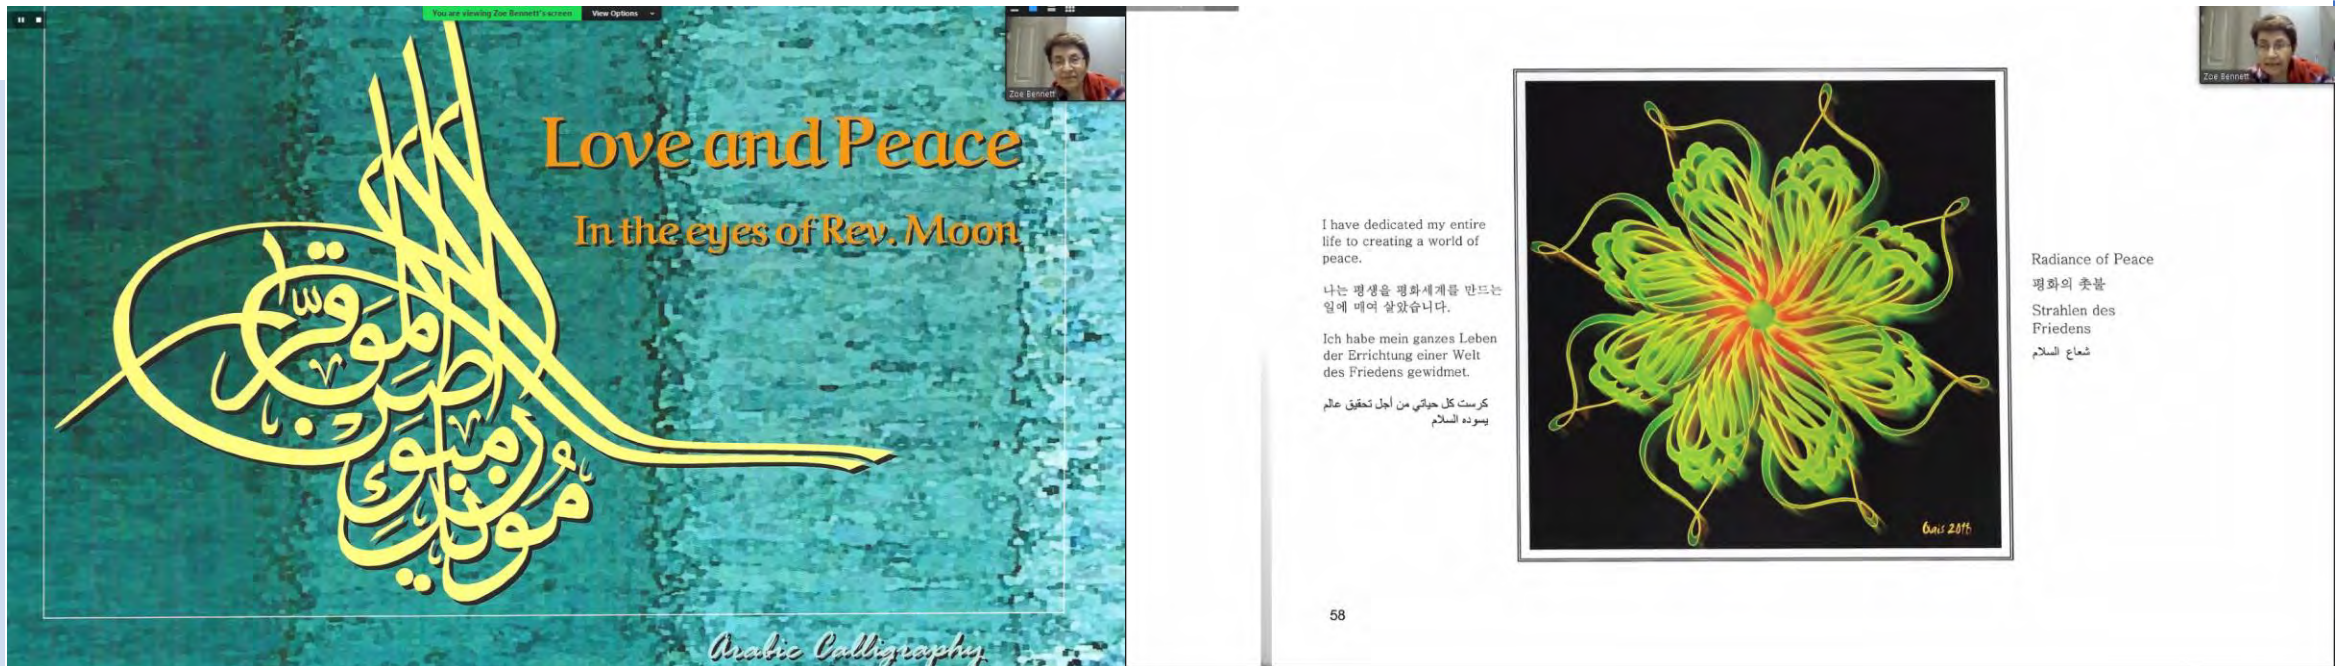

Turkey Earthquake Follow-up:

As part of the follow up in the earthquake affected area, our organizations could renovate one school in a village where more than 100 families and 500 children live. After the corona pandemic and the earthquake, the children are were left without education for more than two years. The place is now providing the necessary facilities for children to attend school.

WFWP Cyprus: Arabic Calligraphy Studies

As a new way to witness about True Parents to Arab speaking people, UPF Lebanon did a HDH using the book “Love and Peace In the eyes of Rev. Moon” which features Arabic Calligraphy with True Father’s Words. Now, WFWP Cyprus is using the same strategy, with good results!

The screenshot shows a video call interface with a presentation slide. The slide has a teal background with a large yellow Arabic calligraphic design on the left. The text on the slide reads: "Love and Peace In the eyes of Rev. Moon" and "Arabic Calligraphy". Below the calligraphy, there are four lines of text in English, Korean, German, and Arabic, all expressing a dedication to creating a world of peace. To the right of the text is a calligraphic flower in shades of green and yellow. The page number "58" is visible at the bottom left of the slide. A small video inset of a woman is visible in the top right corner of the call.

They shared about how the workshop helped them develop their faith and mind-body unity, Chanyang, vigil prayer and the beauty of Cheongpyeong. But most important they shared their direct experience with True Mother.
