Dear Family,

We need a new start with our core mission of Outreach, Witnessing and Teaching! Please join us for several upcoming meetings to find solutions and lay concrete plans for ramping up a whole new era for late Summer and Fall.

With the advent of the new Learning Center at Melford a whole new era is coming. Ernest Patton informs us that the now steady substantial witnessing progress that VA is now making (far better than they have ever done before ) is *directly attributable* to having their Fairfax Learning Center. They rented it 2 years ago. The really good news- He's recently told us having the LC has been a total game changer for the VA church!

Some of us are ready to run right out and start evangelizing and teaching DP. Others need to discuss and work through a few things first . No problem. Either way. We can do both ! Please consider offering your energies and making a commitment. There's a place for everyone.

We've made a new **Education Team** and **New Witnessing Team** a priority going into August and this fall. We are holding our first meeting this week to get going:

### **Witnessing & Outreach Launch A New Start**

**(For A Successful Fall Season)**

**7pm, Thursday, Aug 7**

**The Learning Center at Melford**

**4801 -C, Telsa Dr, Bowie, MD**

**Refreshments will be served**

**[ It helps us if you call me ahead so we can expect you
