"Commitment Changes Everything"

Remember, Tomorrow is Sept 1st.

Last 4 months of 2018

(The so-called "Completion Stage ")

Members are praying, reflecting and making plans for how to optimize their efforts for the last third of this providential 2018 year. How can I, in my own way, at my own pace, join this Blessing Condition?

Our key has been "commitment". Commit to something, something you know you can do, even if it's incredibly basic and modest. Even small. It's all good. Everyone seems to feel better, working on the "Covenantal relationship with God" of making a commitment, of some sort! Once a commitment is made, everything changes, the spirit world sees and supports in a whole new way.

Last night is our last night of Prayer on this issue ...tonight 9:30 pm

Prayer Group is asking each person individually asking the guidance of God ...**What individual effort do I personally want to make I these last 4 months of 2108, How can I really be a TribalMessiah?**

**How can I ramp up my efforts, even if I'm reluctant, afraid, distracted etc ?
What does the "me version " of this look like?**
