United in Devotion: Preparing for the 2025 HJ Cosmic Blessing and Entrance Ceremony

Dear Brothers and Sisters,

As we continue our three key campaigns to offer a victorious offering from America for the Entrance Ceremony of the Cheon Won Gung Cheon Il Sanctum, we are deeply aware of the special devotions our True Mother is making for the success of the 2025 HJ Cosmic Blessing and the Entrance Ceremony.

With America actively attending True Mother, we have been working together in heart and action to welcome newly Blessed couples and witness the historic moment of our Heavenly Parent entering the eternal temple. Your dedication—through witnessing, supporting our young people, and contributing to the Cheon Won Gung—is truly inspiring. Thank you!

As we approach the final stretch, particularly with the upcoming deadline for Blessing registrations, we invite everyone to join in a special period of devotion

from now until March 21 for the purpose of supporting our young members to be matched and registered for the blessing in time for this year. Let us focus our prayers on these key points:

- Supporting True Mother's vision for the victorious offering of the 2025 HJ Cosmic Blessing and Entrance Ceremony.
- Securing victory for the Blessing initiative, bringing our young couples to Korea for the cosmic blessing.
- Ensuring all members participate in the special grace including all couples who can renew or even restore their standing as blessed families without blemish in preparation for the Entrance Ceremony.
- Strengthening our unity and commitment as the Elder Son Nation, fulfilling our responsibility to attend and support True Mother, our Holy Mother Han.

Now is the time to offer our utmost sincerity, faith, and devotion. Let us stand together, unwavering in our love and commitment, as we support True Mother in ushering in this new era.

Thank you for your prayers, efforts, and investment in Heaven's providence.

In gratitude and unity,

Rev. Demian Dunkley

President, FFWPU North America
