

FFWPU USA: Update from Rev. Dunkley

Beloved Family Members,

I hope you are well, and I hope you had a chance to read my letter about True Mother that was sent out earlier this week. If you missed it, here it is on facebook in English, Japanese and Korean:
www.facebook.com/share/p/1BGRPgMaou/

The purpose of this memo is just to give you a short objective update:

True Mother spent about 8 hours with the special prosecution office. She arrived calm, resolute and kind. Here is an Instagram video of her entry:
www.instagram.com/reel/DOshoiRjviw/?igsh=MXJxeXZkdHVtZ3liOA==

Church members were advised not to gather so as to not cause a disturbance (I believe it would have been better to gather to show support). Unfortunately, the media was not well behaved while True Mother exited the building. Nonetheless True Mother is fine, thank heavens.

Now, as you may have heard, the prosecutors have asked the court to issue an arrest warrant, which is a standard form of detainment to stop suspects from tampering with evidence.

The legal process for that in Korea starts with a "pretrial detention hearing," to make sure no one is detained without a proper review; a process to protect people's rights.

At this stage, a judge listens to both sides and decides whether it's necessary to hold someone while the investigation continues. It will be very telling to see which way the court decides in Mother's case.

Keep in mind this is not a trial. It's not a statement of guilt. It's just one step in a process that's supposed to balance justice with fairness - and hopefully with basic human dignity.

Thank you, dear family members. Please keep True Mother in your prayers and take action now by signing and sharing this petition: petition.motherofpeace.com/

For your reference, below is the official public statement from the Family Federation in Korea.

Let us keep strong in faith and fully support our True Mother.

Family Federation for World Peace and Unification Statement

Our Position on the Special Prosecutor's Request for an Arrest Warrant for Dr. Hak Ja Han

The Family Federation for World Peace and Unification (hereinafter referred to as the Family Federation) expresses its deepest concerns and heartbreak regarding the request for an arrest warrant for Dr. Hak Ja Han.

Dr. Hak Ja Han, 83 years old, recently underwent a heart procedure and was hospitalized. During the recovery process, she suffered a sudden recurrence of arrhythmia, which led to her receiving medication. Following the medical team's recommendations, she is currently undergoing a period of rest and recovery management.

Despite the life-threatening recurrence of the arrhythmia, Dr. Hak Ja Han, who has dedicated herself to her public missions, including world peace, the unification of North and South Korea, and the resolution

of the Korea-Japan conflict, proudly appeared voluntarily at the special prosecutor's summons and answered all necessary questions from the prosecutor for nine hours and thirty minutes. However, the special prosecutor's request for an arrest warrant, citing flight risk and destruction of evidence, is disappointing. It appears that the special prosecutor, who is supposed to follow the law and principles, is acting in a way that is driven by public opinion and performance, not by the law.

Furthermore, former Chief Yoon Young-ho, the sole witness to the Chairman's orders, denied some of the facts at trial yesterday and even refused to acknowledge the Chairman's orders, refusing to acknowledge the authenticity of his own testimony to the prosecution. Requesting an arrest warrant against the Chairman based on Yoon Young-ho's testimony is an excessive and unreasonable measure, as it is a request for an arrest warrant without evidence.

Furthermore, requesting an arrest warrant against an internationally respected religious leader without providing clear evidence is an act that betrays even the most basic level of respect for religious leaders. This not only undermines trust in the rule of law in Korea, but could also negatively impact the Republic of Korea's standing in the global community.

The Family Federation for World Peace and Unification strongly condemns the special prosecutor's actions, which constitute unjust suppression of an international religious leader. We strongly condemn the President's actions, which should have been preceded by humanitarian consideration and rational judgment, rather than unreasonable and coercive procedures. The President has already been conducting all procedures with a responsible attitude, and any coercive measures that ignore this can never be justified.

The Family Federation for World Peace and Unification will use this incident as an opportunity for deep self-reflection and more thorough reform to fulfill its original mission. Furthermore, we pledge to be reborn as a responsible religion that contributes substantially to the peace and development of society, the nation, and the world.
