Live outside the Special Prosecutor's Office in Seoul. True Mother stands firm. She is innocent. Even the witness retracted his claims. After endless raids, unprecedented investigations, and millions spent — they've found nothing. Why? Because there is nothing. <https://t.co/o8zKwvT515>

“Freedom of religion is not for the sake of one religion alone. It is to allow all people to find the path to God and live together in peace. When one faith is suppressed, the whole of humanity suffers. ”

Holy Mother Han: Realizing Heaven's Dream, Collected Speeches, 2012-2024 contains sermons delivered by Hak Ja Han throughout the world. Rev. Sun Myung Moon passed away in 2012, and his wife and life partner, Hak Ja Han, continued True Parents' mission as the head of the Family Federation for World Peace and Unification. While most of these speeches were delivered in South Korea, the global breadth of the movement is immediately evident in these volumes.

The dream of realizing God's Kingdom on earth, bringing peace to all humankind, has always been the central goal of True Parents.

"Fifty-seven years ago, right after our Holy Wedding, True Father and I sat before our first wedding meal; I vividly remember the royal table being the color of blooming Susuki Grass. Heavenly Parent's profound heart and emotions could be seen in Father's eyes and he was about to burst into tears the size of snowflakes.

As we walked the path of True Parents, Father and I have been served countless meals; yet, each time we have sat at a meal table, our purpose has remained the same: fulfill the duties of the filial heart before Heavenly Parent, save all humanity, and realize a world of peace. This is why whether eating boiled barley for three years during desperate times, or touring two nations at a breakneck pace in one day, or even having to endure an entire day with a single gulp of water, Father and I have never worried. To us, everything has been gratitude, everything has been joy."
