Our identity as sons and daughters of Heavenly Parent and practicing true love

North America Continental Director Demian Dunkley's "Higher Ground" revival tour services continued in the Northwestern United States in February.

On February 15 (HC 12.28), a Sunday Service was held at the Seattle Family Church with 100 in attendance.

The Seattle Family Church band enriched the service with their spirited music, including an original song.

Rev. Dunkley's message was a reminder to members to trust their identity as Heavenly Parent's children, and after lunch he addressed members' questions and concerns in a more intimate setting.

On February 16 and 17 (HC 12.29 and 1.1), Rev. and Mrs. Dunkley visited the smaller Tacoma and Bellingham Family Churches in Washington State to share inspirations and encouragement.
