True Mother's Words in Court July 10, 2026

Photo: Yonhap News

"Throughout my life, I have served God and devoted my entire life to realizing one family of humankind at peace. I do not seek power through money. As the leader of the Family Federation, I deeply apologize for unintentionally causing controversy in many areas.

Even now, wars and conflicts continue around the world, with people shedding their blood. In the midst of this I continue to proclaim: 'Let us attend Heavenly Parent.' I have been appealing for all nations that attend Heaven to serve Heavenly Parent on earth as sibling nations, and to become one in this time when we can fulfill Heavenly Parent's dream, the Kingdom of Heaven on earth.

I believe that God is alive. God will surely fulfill that dream on earth. Members of the second and third generations of our Unificationist community who will carry out this task are going out into the world as true sons and daughters that attend our `Heavenly Parent.

Now, for the sake of our future descendants, I will continue to pray and offer my blessing that this people, this nation, may unfold as the beautiful Kingdom of Heaven on earth where people attend God free from war and conflict. Thank you."

So far, Dr. Han's case has been a textbook example of ignoring due process, fairness, and human rights. I try to believe that fairness can sneak back into the sentencing phase.

Already decided, just like Japan, what will they take now? As she got hit first what will God take as His now? Her value is more than world, God can take back whole Gods world and save Holy Mother Han.

May God bless and protect our Holy Mother of Peace, the Korean government will regret this day, and be shamed for centuries on its unjust treatment of Holy Mother Han Moon.

Thank you for sharing Mother Han's words. I have felt many emotions such as despair and anger for her sake. I am also inspired by her strength in the face of such hatred and adversity. One role of a mother is to be a model to her children. She is leading us by showing us the way

The Holy Mother Han is unbreakable. 🇰🇷🙏🇰🇷

She serves under God's jurisdiction. 🙏

Whether they succeed in their communist takeover or not, these weak belly-crawling prosecutors have no power in her jurisdiction. 🙏

They know freedom only enough to seek it destroyed 😞

Holy Mother Han will never change, while the world changes around her. Her words will remain forever. Evil comes and evil goes, but truth remains forever.

Thank you, Holy Mother Han, for your absolute devotion to fulfilling God's will and comforting His heart. We are with you 100% as you endure such unjust treatment. We pray for the court to make the right decision in accordance with Heavenly Parent's will.

Holy Mother Han, the Mother of Peace, loves God and humanity with the love of a true mother. She has done so throughout her life, and her commitment will never waver. I sincerely hope that the truth will come to light.

Thanks for sharing.

Dr.Han is a true leader. Despite all she has endured—the raid, the long months of detention, and countless hardships—her heart has never changed.

She continues to radiate peace, hope, and a deep love for humanity. Her unwavering faith is a beautiful light

"I have devoted my life to world peace for all humanity. I have never sought wealth or power."

These words speak for themselves.

Even in court, Dr. Hak Ja Han chose not to speak with anger or blame, but with hope for peace and future generations. I believe a person's true

She is also referred to as the Holy Mother or the True Mother, yet she considers the future of humanity more than her own self, worrying about God—that is, the Heavenly Parents ❤️

291 days have passed, and I am deeply worried about President Han's health. The prosecution's demand is not the court's final verdict; I want to keep looking forward without giving up until the very end.
