To conclude the year 2025, a series of Winter Workshops and spiritual events were held across Canada for youth and Blessed Families. These included a special revival for Blessed Families in Western Canada - featuring Ancestor Liberation and the Liberation of Central Spirits - as well as a dedicated youth workshop in the East.

Eastern Region: "To Become True Children"

From December 26 to 31, 2025, a week-long workshop was held at Clearstone, serving youth from the Toronto and Montreal areas. The event brought together 35 participants, including second-generation members and new guests introduced by missionaries. A staff of 20, including Heavenly Top Gun (HTG) missionaries assigned to Canada, dedicated themselves with deep sincerity to build a strong foundation for the nation's future generations.

The workshop opened with encouraging remarks from Regional Director Rev. Jong-deuk Yoo and was overseen by Vice Regional Director Rev. Motoyama. Under the theme "To Become True Children," the program featured lectures, senior testimonies, and various group activities. A central focus was the study of True Parents' life and teachings led by Dr. Kambashi, through which students realized that Heavenly Parent's dream is made manifest through them.

Participants connected deeply with the heart of Heavenly Parent and rediscovered the value of their brothers and sisters. Many were moved to tears while praying for one another, experiencing the profound love of True Parents. Notably, a new guest shared their admiration for the beauty of the community's love, encouraging members to take pride in their faith - a message that deeply inspired the second and third-generation youth.

Western Region: "We Are One"

Simultaneously, a Winter Workshop was held in Vancouver from December 28 to 29 under the theme "We are One! Our hearts grow stronger when we're together." The program was designed to foster a stronger heartistic bond as a family centered on True Parents.

Through team-building activities and an evening prayer meeting, the youth deepened their unity. By praying individually for one another, they personally experienced the profound love of siblings, True Parents, and Heavenly Parent. These workshops successfully concluded the year by strengthening the spiritual resolve and fellowship of Canada's young members.
