After the seminar on "a step in my tribe Rev. Zozo Gabriel went to his tribe to begin his tribal messianism. To this end, he met with the various authorities in the village, namely the leadership, organizational leaders, presidents of associations and religious leaders to present to them the vision of the real parents that is to build a single family under God. For a good start he decided to make a great conference with all the layers to carry the message. With the support of Rev. Gabriel Likane Tribal Messiah of zoboua and Pastor Gnefe Patrice Tribal Messiah of Korea 1 AND 2 they mobilized and held a major conference to launch activities in the village.

The Conference mobilized 119 people, including the head of the village of digbapia, 1 Prophétesse, the president of the women's Association, the youth president of digbapia and his office, 12 churches (Ueso, Baptiste, Baptiste works and mission, International Awakening Church, spoken word, Catholic Church, hori faya... 6 Women's associations of dipgbapia.

The Speaker of the day Rev. Likane Gabriel former national leader explained to the participants the importance of the family in achieving a world of peace and harmony. He has invited all participants to place particular emphasis on renewing our families if we are to establish the ideal of our heavenly parent.

Specifically, the aim was to appeal to the officials present for future collaboration in activities aimed at strengthening the family unit as well as local development.

Feedback from participants: they all appreciated the development of Rev. Likane on family renewal and all want to renew their own families.

This seminar ended with the distribution of teaching support to the various responsible officials.
