December 19, 2015

**By FFWPU New Zealand:** To close a fruitful year of 2015, all providential organizations in New Zealand gathered in an End of Year Event that also celebrates the festive season of Christmas. About 120 members, Ambassadors for Peace and guests came together at Jubilee Building, Parnell on Saturday, 19th of December; upon which a joyful celebration that encourages the atmosphere of a global family took place smoothly.

The evening comprised of a family dinner, followed by a short video presentation of all the events held by Unification Movement that took place in 2015, and a plethora of beautiful and creative entertainments and games. The event was also an opportunity to recognize a hard-working member deserving of receiving the Unification Member of the Year Award, namely Mr. Leon Pogoni.

The Movement in New Zealand truly appreciates the contributions and cooperation of all members and guests who were willing to participate and support the many events and activities we held for the sake of the community around us. May the end of this year be a good foundation for an even better year ahead of us.
