

## True Mother's Madison Square Garden event was like Heaven on Earth

On July 15, the Heavenly Parent gave us a beautiful day, so my husband, Rev. Jeddie King and I, went back to the New Yorker Hotel and got more flyers to witness with on the streets of New York. We gave hope to so many homeless people, both young and old. We introduced True Mother's picture to many, and told them to frame it. We reminded people of the Scripture that said in the last days God would pour out His Spirit upon all flesh. We told them that True Mother represented the Holy Spirit, the feminine part of God. The people were very receptive. We witnessed to so many people that I lost count.

We were able to witness to groups of 5 to 7 people at one time as they waited for the light to change to cross the street. We would call out the name True Parents' the Messiah that God has sent today. We could have stayed out there all day, because the harvest was plentiful. However, we came back to our Homewood Suite Hotel in time to relax and get ready to see True Mother at the Garden.

It was a well-planned, beautiful night. It felt like Heaven on Earth -- a Holy Spirit Night, preparing us for Her reign.
