*"Peace with God, peace with others, and peace in your own heart." - Rick Warren*

Happiest greetings brothers and sisters! On this beautiful, joyful and celebratory day, my family and I would like to wish you and your families, friends, and loved ones a Merry Christmas.

We are very grateful for each and every one of you that makes this community a very special home for us. Thank you all for your continuous hard work, dedication, love, and sacrifices.

Please take today to relax, spend time with your special ones and enjoy each other's companies.

May God bless you and your families.

Sincerely,

Dr. Kone and the Kone Family
