Dear Belvedere Family Community,

Up and Coming NY Youth Ministry is being revamped this year to something fun and exciting you can look forward to every month. Once a month we will be having an online weekend workshop where we will delve deeper into understanding our foundation, the principle, and developing a life of faith. You'll get to hear from older brothers and sisters from the community, as well as seasoned lecturers from around the country! There will be thought provoking lectures and discussions as well as fun activities to bond over as a community.

This month's workshop will be centered around the Principle of Creation. We'll be travelling through the origins of our universe while learning the principles that guide it! There will be opportunities to listen, discuss, ask questions and reflect, as well as opportunities to participate in fun team building activities and many other fun games to bond with brothers and sisters from all around so you don't want to miss out!
