The trainees were excited to be at the workshop, as it was this was the first winter student workshop to be held on site after the long COVID-19 pandemic, and careful attention was paid through the use of masks, handwash, safety staff, and other measures were used to prevent any COVID outbreaks from interrupting the workshop.

YSP Headquarters Director Kang Dong-hun served as the MC for the orientation session, which included an opening prayer (Training Department Director Park Jinmin), opening speech and benediction (Korea YSP Chair Kim Dong-yeon), and orientation.

The schedule for the 1st Winter Seonghwa Student Workshop included Hoon Dok Hae, Divine Principle lectures, True Parents' life course, and recent providential events, special CheonBo lectures, the Blessing, Hyojeong Talk Concerts and Q and A, special lectures from successful 2nd generation members, career guidance, talent show, a friendly sports competition, writing and sharing shimjeong reflections and other programs.

The Seonghwa students who attended the workshop said that one week had gone by way too quickly and that what they had learned and experienced would not end there but would become part of their daily life practice, and they pledged their commitment to attend Heavenly Parent and True Parents with a heart of hyojeong.
