

Sanctuary Church: Recognize and uproot Gossiping

Gossip is toxic to any work environment. What happens with gossiping, it shuts down communication, it shuts down trust. Sharing 'displeased feelings' poisons the hearts of others with negative emotional resonance. Don't do it!

To be able to uproot it in your family, community and on world level, first we have to understand Gossiping. Telling the truth, that Hyungjin ruins Mother's reputation through false rumors, is not gossip - is the Truth! "True Mother is True Father's eternal partner and the position of True Parents cannot be compromised." Truth reveals Satan's ways, and will liberate SC, once they understand.

Truth does not aim to ruin, but to free, liberate and unite. It's a vicious cycle that needs to stop. They will counter attack, try to make you feel guilty for confronting them. But be mature, be a parent, they needs to be confronted and helped to understand and overcome this bad habit.

First we should define Gossiping; "Anything that is very negative about the other person's character or very private, that they don't want anyone else to know. " If you want to talk good things for a person, behind his back, go on.

It's a fact: Malicious **spread of rumors with an evil intend** to ruin TM and UC, with no remorse.. That's what Sanctuary Church is doing. Look at YeonaNim's video, sharing small, personal things with evil twist and underhanded intend. Doing it to his mother, makes it worse. Doing it towards TP makes it unforgivable. Read and learn HOW GOSSIPING WORKS, learn HOW TO STOP IT.

Experience: The Gossiping Realm in Hell

"**What's the consequence of sin?**" After such prayer, God took my spirit to Hell. It was the Gossiping realm of the spiritual world. I can't describe the feeling, but it is the most painful place you can imagine. I spend few hours there, talking to people and trying to understand them. Soon I felt something is very wrong.

No matter what you do, or not do, you are always accused. Whatever you say was twisted in such a **vicious way**. My heart was agonizing, feeling the evil energy they produce. That's what these people did in their life. For them this resonance of heart was normal. They **observed externally**, accused and gossiped. My heart was in so much pain.

I can't imagine such evil games against each other in my own family. This will be Hell. Their very hearts were twisted. Yet, they looked clever, intelligent, heartistic, same like many humanistic members I know on earth. Read what's evil in Humanism. One has to be totally under his physical mind to do such things. Read, Liberate our Spirit Mind and you'll understand.

It's unbearable to know that they will end up in Hell. Even now, I cannot escape, but feel what is the resonance of people's hearts. I hope you understand why I'm so urgent to solve it. MySpiritual Mind senses that and has no peace. My heart yearns to find the way to liberate them, liberate God of this pain. To be able to uproot it, first we have to understand Gossiping.

God gave my many revelations and guidance in the following years, until I learned how to help such people. I can do that! I do it constantly! God is love. He want's everyone in Heaven. I'm not only **seeing spiritually**, but I can change the spiritual environment around me.

WHAT IS GOSSIPING

Malicious spread of rumors with an evil intend to ruin persons life, with no remorse

Gossiping is bad, because it aims to ruin the other person's reputation (Evil Purpose). No one is born evil. However, if you're one to maliciously spread rumors about someone, to fog their reputation, you act as an evil person. It's a vicious cycle and it needs to stop. You **need to be confronted and helped** to overcome your bad habit.

We see H2 constantly spewing nasty things about Mother, making SC poisoned with negative energy, thoughts or emotions

Most gossip isn't good gossip. Telling secret, inner stories against other member of the family, is an vicious thing to do. Where goes the trust ones such evil games start? In her video, Yeona Nim is doing

it **in heartistic, intimate way**, that makes it easy to manipulate people's hearts negatively. In Family Therapy this is called Triangulation. If you talk to the victim of these gossips, you'll see where the description was reversed, changed, exaggerated - from wrong, self centered perspective. Remember, Gossiping is a direct expression of the Fallen Natures - not feeling God's love for them and multiplying evil.

Gossiping against 'True Mother'

Those who love to spread gossips are also fake to people. One moment they are nice and best friends, the next, they turn around, "Did you see what she said", laughing behind your back. They lie or exaggerate to make stories and gossip more interesting. They present themselves as a victim, having hurt, displeased feelings, while having no remorse of ruining other person's lives. That makes them very effective manipulators.

Same way, HJN and his wife, used small **inner, personal facts** and twisted them enough to create the most ugly and dark picture. All media negativity against our church was devised in the very same vicious way. This is powerful way, people's hearts and minds get invaded by **horrible images** and feeling. While normal logic is suppressed, people open their hearts and become possessed by the same Trapped

Emotions. They block their hearts and control them.

THE SATANIC POWER OF GOSSIPING

In a gossiping FR team, with very low results and relationships, they were openly sharing, "Oh, we talk negative things but we are so heartistic.. it's so nice". I reacted, "What?" and simply repeated the words she said... The emotional reaction of being hurt was so strong, as if I did the biggest crime. It's evil spirit behind. It want's to make you never dare to react again. It's manipulative technique, called "Conditioning". As a result everyone who gossips is a 'nice person', but those who don't like it are the bad guys.

1. Principle explanation of Gossiping

How do you recognize people are invaded by Satan? They start Gossiping! Divine Principle gives the key points in how Satan uses that to multiply evil and block God's work:

"See from self-centered perspective.. displeased with it.. stirred up the same emotion among his brothers.. they too were agitated by him in the same emotion. This was such a crime." DP: Ham

Gossiping is an evil give and take action with common base against others, centered on Satan. It's not rational, but emotional sharing of displeased feelings. Allows Satan to invade.

2. Why it is so effective

The negative view and thoughts in our head come from evil spirits.. Jesus said in a spiritual message, that "20-30 thoughts come in our heads each minute, from 20 to 30 spirits, including Satan. Unable to separate good and evil, a member may start talking freely, just as a pastime. He will multiply them in heartistic, intimate sharing, talking openly his fallen nature. The hearts of the others will be invaded by the same emotions. Thus, evil spirits expand their power and influence.

3. How to recognize Gossiping people

Even **short emotional reaction** can be invasion by an evil spirit. For example, if we suggest DP reading, the person may jump with displeased emotion, "I don't like that". The leader may be invaded and compromise. So the evil spirit won, using the fallen nature of that person. You see, it's mostly about transmitting strong emotions to block something God likes.

That's why, they love heartistic sharing of negative feelings against others, under the disguise of being themselves the victim; Usually portraying themselves as sensitive and hurting. They cannot live without it. For them this is love. They find people with common base and trust each other - thinking they are very heartistic.

They are very effective in manipulating others with their displeased feelings. If there is no one to gossip to, they feel depressed. If you cut them, that this is wrong attitude, they will go against you. Evil sp.w. constantly talks in their heads against others. They are looking for common base with someone to start multiplying it. Meaning, they act as mediators for evil spirits and with the time this will become their own personality. The gossiping realm in Hell is one of the most painful ones - because of the heartistic pain,

distrust and intrigues it creates.

PROVIDENTIAL REASONS TO REAPPEAR

Why we see gossiping everywhere? (At work, in families, in communities, even churches). If gossiping is that **wildly spread in history**, gossiping spirits have to descend for resurrection. CIG cannot start if this problem is not solved both, in the physical and the spiritual worlds.

Problems from the Old Testament, New Testament and even Completed Testament (in the Church) have to **reaper to be resolved**. Once Foundation of Faith and Foundation of Substance are set successfully, gossiping stops - evil spirits cannot work anymore. This has to be made successfully on family level, national level and world level, so God's Ideal of CIG can be established, free of Satanic invasions.

Ham's Gossiping: Family level

"See from self-centered perspective.. **displeased** with it.. stirred up the same emotion among his brothers.. they too were agitated by him in the same emotion. This was such a crime." DP: 258

Gossiping against Moses: National level

"God burnt.. in wrath, because.. their faithlessness.. bore a grudge against Moses.. not awakened to God's will.. have resentment against Moses, **grumbling**." Look externally - external negative report - "hearing this report murmured against Moses.. rebel against the Lord." DP 320

Gossiping against Mother: World level

"True Mother is True Father's eternal partner and the **position of True Parents cannot be compromised**." HJN's wife video is example of how manipulative gossiping can destroy TP. With soft, heartistic, sweet voice (so people can open their hearts), she shares all kind of twisted inner stories, to discredit TM. But the facts did not support the ugly picture she was so manipulatively depicting.

Why she and her husband go against Father's words: "True Parents advanced from the lowest of hell up to the highest of heaven and are moving forward with true love. When we **follow True Parents' will and become one with them in heart** and one with their ideal of life, there will be no distance between us and True Parents. Then what they have erected and indemnified vertically will unfold for us horizontally" (CSG). The very CSG1, H2 so much insists on, explains about Mother:

*"You have been **born through True Mother**... Remember that the favor bestowed by the True Parents is a **great blessing** that cannot be exchanged for anything in the whole universe." CSG1 - p. 1436*

Fixated on his negativity, Hyungjin cannot see, how his actions are leading do destruction of all Father achieved. He was invaded. As DP says, "Satan, who had been watching to see if there was any condition for him to invade in Noah's sons as his objects" DP: 260. Hyungjin created SC and brought this gossiping on world level.

CONTRAST WITH GOD'S IDEAL

What do we do if our children or anyone in the family starts gossiping? We correct him immediately! "That's wrong! We don't do such things".. and explain why. There is zero tolerance to bad talk about each other.

*"**Gossip** is idle talk or rumor, especially **about the personal or private affairs of others**" - bringing distrust, divisions.. unity with Satan's heart!*

Gossiping is in complete **contrast with God's ideal**: "Trusting.. joy.. innocent.. without concealment.. inseparable oneness.. without any negative sense.. from same position and heart as God" (DP 259). That's how much beautiful and pure any family and community should be. The quote concludes, "This shows us that we need patience and obedience to go the way of Heaven.. However, Satan invaded the family through Ham's mistake."

INDEMNITY - RETURNING RESURRECTION

Providentially, all the resentful, **gossiping spirits** from all ages came to earth for the purpose of resurrection. Such bad habits cannot be overcome in the spiritual world. They have to express in the physical world, be understood, reversed and restored.

"Gossiping can become a bad habit. Even if you realize you're doing it and you want to stop, you might instinctively start doing it about certain people. Plus, once it's a habit you'll find it's difficult to talk about

*anything else without adding gossip to it. You'll turn into a broken record always repeating the same negative stuff again and again." **Why Gossiping is Bad***

True Family is **paying historic indemnity** and takes the burden of all unresolved evil of the world with the sole purpose of quickly liberating the whole of humanity. All satanic powers working in history are now mobilized to destroy True Family.

God and True Father, even from sp. w., **sacrifices his own family** for the purpose of fast indemnity and restoration. All trapped in Sanctuary Church spirits can learn that they can be forgiven and loved, same like a True Child will be forgiven. This way their hearts will be liberated to come back to God. This is God's sole purpose - liberating all of his children, even from the bottom of Hell.

HOW TO STOP GOSSIPING

Working for years with sec.gen. the biggest problem was always teams that were invaded by gossiping. It **starts from one person** and multiplies through such heartistic sharing, like Yeonah Nim. That evil triangulation stagnates spiritually the whole team. Soon the **whole team gets invaded**. Results drop, disunity comes.. only the gossiping people feel united and happy, when doing it. IT'S EVIL FOUR POSITION FOUNDATION - centering on Satan! Usually such habit is developed early in childhood. It's explained in the Unification Family Therapy lectures.

To stop it, first you have to understand; Rumors don't help the Truth - they twist the truth in a strange way (Rationalizing something false - to sound as truth, that sifts your viewpoint to be negative from now on). You can sense they are satanic, because they bring doubts, fear and negativity - THINGS THAT BLOCK YOUR HEART. Noticing this emotional effect, you know for sure, they are not from God - but from Evil sp.w. That's their way of working!

Remember, **God never works this way!** When I communicate with God and the high sp.w. - they always protect me. They are always careful, the way they give me any information about others, not to make me negative. They always show me in a way, so I can understand God's Heart, and the way to help, even to the worse person. Always so I can see hope, not be suppressed under fear or hopelessness.

Through the years I had more and more victories in stopping such practices. Finally I learned to liberate the people who do such things spiritually and with education. Finally I succeeded to solve it on national level, later even on bigger scale. Yes, it is a spiritual thing and can be solved. We all have ancestors to liberate. There are also many collective sins connected to this problem that need to reappear and be resolved for the sake of the new world to come. We need to set victorious model of solving this problem.
