"Our religion will be the largest religion in the world, and it is down to one reason only; Our Eternal Center are True Parents." Hyung Jin

Anyone notice the difference? Watch 20 minutes in to see his reasoning's. A must watch for every Sanctuary Churcher. Read also why Father educated Hyung Jin for 8 hours, that Mother will be the center after his passing and no True Child should proclaim itself as a New Center, nor deny True Parents, even if they make mistakes. "If I deny True Parents.. proclaim myself a new center, you must not follow. Father particularly asked to be clear on this." [Read...](#)

Hyung Jin Nim in 2009:

"I want to make it very clear, there is no new king. I said that from the very beginning when I was inaugurated as an international president, I said, "There is no new king, I'm not the new king, don't even expect it, and don't ask me about it, I'm not it." Hyung Jin, January 17, 2009, HQ Church, Cheong Padong, Seoul Korea <http://tparents.org/Moon-Talks/HyungJinMoon-09/HyungJinMoon-090117a.htm>

"No One Else Can Pretend To Be True Parents. No One. It Has To Be Very Clear." 2010 06 12, Hyung Jin

Yes it is clear Hyung Moon very clear. Hope it is still clear for you.

"It Will Never Succeed If We Forget About True Parents, It's Not About Us or the Next

Generation"?

"It's Wrong Thinking About the Next Generation Inheriting, No Not At All".

[Hyung Jin:](#)

"I love that first passage -- "The age of the Unification Church is the age of the parents." And it's so important for us to remember that there is always just one parent. That is True Parents. It is always so critical to understand that it's always our constant center. And as we progress through the history, that's always going to be our center."

"What is very clear for us is that True Parents are the eternal kings, they're the eternal center, theologically that's very important to maintain, and since I studied theology, it's very important theologically that there won't be any future kings, but everybody that's truly supporting the activities of True Parents, truly, truly the co-owners of our church traditions, those people are the ones that will be able to bring glory to God. So for us we feel that kind of humility is critical and important, that kind of honesty with oneself is essential."

"It's very important for us, as we move forward that the glory is focused constantly on True Parents."

"But also we want to make sure that everybody is clear. True Parents are the eternal center. Theologically it's very critical and important for us, we just want to do our job so that the Unification tradition can truly be successful and blossom, and as we pass and we move on, and the next people, the next generation passes and takes our footsteps, that will be our happy day because we can retire, go to the mountain, but we want to be sure that our leadership is focusing on the whole, we're focusing on the unification tradition and not on our personal ambitions."
