

A Legacy of Peace

HONORING REV. SUN MYUNG MOON ON THE FIRST ANNIVERSARY OF HIS PASSING

"I have lived my life without ever letting go of (that) hope and always kept alive the dream of peace. What I want is to wipe away completely the walls and fences that divide the world in myriad ways and to create a world of unity. I want to tear down the walls between religions and races and fill in the gap between the rich and

the poor. Once that is done, we can re-establish the world of peace that God created in the beginning. I am talking about a world where no one goes hungry and no one sheds tears. To heal a world where there is no hope, and which is lacking in love, we need to go back to the pure hearts that we had as children..."
