

Special Emissary "True Love bombing in Hungary"

Budapest, Hungary, 16. - 19. July 2014

The visit of True Mother's special emissary to Hungary was beyond our imaginations. It was a kind of true love bombing from Heaven! From the moment of arrival to the time of departure of Dr. Moon and Dr. Pak in Budapest, it was a time full of love, embrace and encouragement. In their personal talks, sharing and in their public speeches they spoke about True Parents with so much love and respect. With whoever they met they just gave love and comfort.

Dr. Moon and Dr. Pak stayed for three days in Hungary. First they visited the Peace Embassy and offered a prayer in our chapel to Heavenly Parent and True Parents of Heaven and Earth and Humankind.

Later in the afternoon they visited the Holy Ground continuing to connect their visit to Heaven. In the coming days they met the leadership of the Hungarian movement listening to their reports. Some of the Leaders expressed their concerns and others offered suggestions for current providential issues.

They also met the Budapest community members and representatives from other church centers. Dr. Moon was sharing with them about her 60 years experience of attending True Parents, how True Parents raised her up, how many difficult situations the early members had to go through and what kind of personal sacrifices they had to offer for the providence. Further Dr. Pak explained about the meaning of the emissary's mission.

After the public meeting, Dr. Moon and Dr. Pak invited the community for a light dinner to express their love and gratitude to brothers and sisters.

We could arrange a meeting with the Korean Embassy. Unfortunately the Korean ambassador just left the country when Dr. Moon arrived, but he asked his right-hand man Mr. Lee to receive our special emissary instead. Dr. Moon and Dr. Pak offered True Father's autobiography and introduced some of True Parents' activities to him. The meeting was very

relaxed with a loving atmosphere and lasted 40 minutes. Dr. Moon and Dr. Pak introduced me to Mr. Lee asking him to cooperate with us in the future.

Dr. Moon and Dr. Pak had the opportunity to do some sightseeing of the historical places in Budapest. They were so amazed about the richness of the Hungarian culture.

We would like to express our gratitude to True Parents for the love and comfort we could receive through their special emissary Dr. Lan-young Moon and her husband Dr. No-hi Pak! We are looking forward to their next visit!!

Thank you very much!
