

## Visit of Special Emissary Lan-young Moon and No-hi Pak to Bulgaria

Sofia, Bulgaria, 19. – 21. July 2014

**D**ear Brothers and Sisters,  
I would like to share with you the great privilege, honour and warmth of meeting Mrs. Lan-young Moon and Mr. No-hi Pak in Bulgaria.

Upon their arrival it took a while to understand that we are meeting important VIP's. Their humble and shining personalities embraced us with the heart of a mother and a father and an elder brother and sister.

We had a wonderful Sunday service where Mrs. Moon shared with us about her life course of service and achievements. Again and again she expressed her gratitude to the Heavenly Parents and True Parents for preparing a foundation upon which she could stand, attending the General Assembly of the United Nations where she received the acknowledgement of the UN Secretary General Ban-

ki Moon, meeting First Ladies from numerous nations and being welcomed as a special VIP by the North Korean government.

Mrs Moon's words of encouragement to us were, "Even just one man or woman can change everything!" Her life testifies to this.

We were lovingly reminded by Mrs. Moon to study Korean. According to her experience a Korean text of two pages often requires four to seven pages of English translation. Her heartfelt wish is for all of us to understand the original scriptures of True Parent's words.

Prior to their departure, we visited important historical landmarks and the Holy Ground in Sofia.
