

## Job Opportunities at Tejas Trails

Ken Morgan  
April 12, 2014

This is Ken Morgan and I'm looking for two employees plus one or more Apprentices.

1. Camp Manager
2. Ranch Foreman/Woodworking Coworker.
3. Apprentice(s)

As for the Camp, we have accommodations for 144, commercial kitchen, 4000 sq ft air conditioned & heated hall with stage & audio-visual, a crafts and shop complex, sports areas, recording studio and more. We're located on the lovely Crabapple creek nestled between cliffs on one side and a large hill and a 22 acre field on the other.

The "hill country" where we live is a very strong tourist area and is economically robust, and we're an hour or less from both Austin and San Antonio. The specific tasks would include the management, maintenance and marketing of Tejas Trails: renting, advertising, bookkeeping, office work, internet, website, PR, camp ground enhancement, maintenance etc.

The second position is that of ranch foreman/woodshop co-coworker. Someone to work with me at woodwork, ranch work, construction, grounds keeping and horticulture with the focus being the wood business, Tejas Woodworks, which includes: felling trees, sawing them into slabs, loading them into the kiln, finishing them in the shop, cataloging and logging them into inventory and ultimately marketing them via the web, phone and physical sales calls. We will also be value adding this beautiful material into furniture and other saleable forms. Good strength, attitude and perseverance for a fairly hardy soul.

Regarding compensation---lodging is included in either a 3 bedroom (available mid May) or 1 bedroom house (available now) here on the ranch. Base salary; 1500.00 a month (40 hrs @ week) plus commission on tangible result. Regarding workers with families, I welcome them. Please call or email us with your interest. Note: the one bedroom place is available currently and the 3 bedroom house will be available as of mid May.

A mid to long term apprentice who would learn by observation and "shadowing", specifically as a woodworking apprentice, receive a modest stipend plus room and board. Should be very willing to help with basic chores as well.

Thanks for your time and consideration!

Ken Morgan
