Respectful Conversations as a Start to Building a Road to Peace

Practical steps to build positive relationships in divided times

Join us along with **Doug Teschner** and **Beth Malow**, two of the co-authors of *Beyond the Politics of Contempt: Practical Steps to Build Positive Relationships in Divided Times*. One reviewer writes, "It does not try to tell you what to think or push you to pick a side. Instead, it focuses on how we show up with people, how to listen better, have real conversations, and not let disagreements completely break our relationships."

Moderated by **Ray Lipowcan**, coordinator of the International Media Association for Peace, in association with Universal Peace Federation USA.
