Stopping the Violence webcast

Guns, Gangs and Jesus

How to heal a community rather than symptom management

Wednesday, January 28, 2026 @ 2-3 PM Eastern

With Special Guest:

Dr. Tom Blee, MD

Dr. Tom Blee is a surgeon, educator, and the creator and co-director of LIFEteam: a hospital-based intervention program. providing hope and healing to those seeking life-transforming change. As a trauma surgeon in the inner city Dr Blee was dismayed with the revolving door of violence and despair. Inspired to make a change, he reached out to community leaders and organizations, creating a coalition of resources. These resources are brought into the hospital to create an environment of hope and healing for patients at a low point in their lives. Since 2014, LIFEteam has successfully produced profound and lasting change in its participants and their families.
