June 12, 2018

This Tuesday we continued with our weekly Divine Principle class taught by Rev. Compton. One of the missionaries' spiritual children attended, supported by a comfortable gathering of 12 members.

POC sections 4 and 5 were covered. Divine Principle is like some really good daily vitamin, to again hear our human value explained so clearly as only the Principle can do, and how our happiness can be attained.

2nd gen attend as well, so the class fulfills a variety of purposes. Please join even by yourself, plus seek to bring those special people out there who are truly searching.
