Please have a look at the IMAP conference in Moscow, which was held yesterday, April 9th. The last photo is a blogger with 22 000 subscribers, who won a True Mother's autobiography and proudly wrote about it in her blog. I hope you will enjoy it!

We installed roll-ups and put up posters. Today we conducted 3 excursions, which were attended by 27 people. 4 of them were introduced to the Movement for the first time, and there were also several guests who received different levels of education on the Divine Principle. After one of the excursions, we listened to Alexey Popov's concert "Musical understanding of the world-10 years!". A man with a difficult history, who, thanks to the care of a large family and an amazing teacher, was able to overcome a lot in his life.

Guests could also drink tea and discuss the exhibition and future plans for joint projects. Thank you to the Heavenly Parent, True Parents, and the good spiritual world - everything was fine.

The next part of the exhibition will take place within 5 days in our office, where we will invite people via social networks.
