

Special 7-Day Seminar for 63 participants from all provinces of Cote d'Ivoire

Philbert Seka
July 2, 2017

Sunday, July 2, 2017 marked the end of the special 7-day seminar for 63 participants from all the provinces in Cote d'Ivoire, at the presence of the Regional President Rev. Dr Cho.

The lectures during these 7-day were given by Pastor Gahe Henry, Papa Maubert, Pastor Didie Yessotier and Professor Kouakou Arsène. It was a chance for members and the new comers to have a better understanding of Divine Principle and how to practice it in our daily life.

Through the lectures participants had a better understanding of True family values as the school of love. And only through blessing ceremonies centering on True Parents, our today's world would be restored. It is therefore important to form true families to heal the world.

There was during this seminar, Four subgroups were formed and each evening, the participants in each subgroup meet to discuss and pray at each break, in order to reinforce their knowledge of the divine principle.

Reflections

Participants said, they were touched by the content of the Divine Principle. They said, we have just discovered the true path. The path that can bring us light. We now have our eyes open. We want to thank True Parents and we promise to take part in the next blessing of September 2017.
